**Re: Docket No. UE-141141
Power Cost Only Rate Case ("PCORC") Filing of Puget Sound Energy, Inc.
Revised PCA Exhibits that are supported PSE's compliance filing.**

Dear Mr. King:

On November 20, 2014, Puget Sound Energy, Inc. (PSE) filed a compliance filing which included tariff sheets as directed by the Commission's Order 04 in Docket No. UE-141141.

Also included in the November 20, 2014 compliance filing were PCA Exhibits that resulted from the amounts included in the compliance filing. In its submittal letter, PSE expressly asked for approval of those PCA Exhibits.

On November 26, 2014, the Commission issued a letter indicating they reviewed and approved the tariff sheets – however, there was no approval provided for the PCA Exhibits that were filed.

In preparing to inform the Commission that the PCA Exhibits have not yet been approved, it has been identified that one of the PCA Exhibits – Exhibit A-1 (Power Cost Baseline Rate) – requires revision. In the previously submitted Exhibit A-1, Colstrip major maintenance amortization was classified as a fixed PCA cost, when it should have been classified as variable as noted in the Commission's Order 04 (the "Order") Paragraph 8, page 3, footnote 9.

Accordingly, with this letter, PSE is re-submitting the PCA Exhibits with the corrected Exhibit A-1 that properly includes Colstrip major maintenance as a variable item on Line 19a. Workpapers supporting the amount reflected on Line 19a are being provided to the Commission and parties as part of this letter. Additionally, PSE is now requesting the PCA Exhibits submitted with this letter be approved for use in tracking PSE's PCA imbalance effective date of December 1, 2014.

Please contact Susan Free at (425) 456-2105 for additional information about this filing. If you have any other questions please contact me at (425) 456-2110.

Respectfully,
