Subject: Docket No. TG-042089, Sure-Way Systems, Inc.

Upon reflection, I believe that it would be more efficient to the hearing process for the Applicant to file response testimony. This is the normal procedure in our adjudications where we require prefiled testimony, and I believe it will save hearing time. The Applicant has the burden of proof, and it would be helpful to have Applicant's response testimony prior to cross-examination at the hearing.

In light of the above, I would like to schedule a telephonic prehearing conference for sometime next week where we can revisit the procedural schedule.

Please email me with the times that you are available for a prehearing conference, or if it is easier, the times that you are not available.

I would encourage the parties to discuss a schedule amongst themselves prior to this telephonic prehearing conference.

Thank you.
