**Attachment 16– Description and Pricing of Services for  
Transparent LAN Service (TLS)**

This Attachment 16 (Description of Pricing and Services for **Transparent LAN Services (TLS)**) is entered into as of the date of last signature by a Party (the **Product Schedule Effective Date**) by and among Verizon Business Network Services, Inc. (“VBNS”), on behalf of Verizon Global Networks Inc. and the former MCI Affiliates identified on Attachment 1.1 to the Agreement (defined below), Bell Atlantic Communications, Inc. d/b/a Verizon Long Distance (“VLD”), NYNEX Long Distance Company d/b/a Verizon Enterprise Solutions (“VES”), and Verizon Select Services Inc. (“VSSI”), (VBNS, VLD, VES, and VSSI are hereinafter referred to collectively as “Customer”) and Verizon Services Corp. on behalf of the Verizon operating telephone companies set forth on the signature page to this Product Schedule (individually and collectively, **Verizon**). This Product Schedule is an amendment and restatement of a Product Schedule attached to that certain Master Services Agreement (**Agreement**), dated as of March 8, 2007, by and among the Parties, and made a part thereof, as of the Effective Date. All capitalized terms not otherwise defined in this Product Schedule, Product Guide, or in the Agreement shall have the meanings set forth in Verizon’s Tariffs FCC Nos. 1 and 20 (individually, **Tariff**, and collectively, **Tariffs**), as applicable.

**1. Service Description**

- 1.1 **General Description:** As set forth in more detail in the Product Guide, Verizon’s TLS (the **Service**) is a high speed data service which provides Ethernet transport over a shared network and to transport the Customer’s data between Customer designated Premises within a LATA and within the New York – New Jersey Corridor.
- 1.2 **Product Guide for the Service:** To the extent not inconsistent with the provisions of this Product Schedule or the Agreement, the complete description of the Service and all terms and conditions for the Service are contained in the **Transparent LAN Service (TLS) Product Guide (Product Guide - TLSPG\_v1\_021407)**, which is incorporated herein by reference and has been provided separately to Customer. The Product Guide contains a comprehensive description of the Service for use by Customer, including without limitation for the following reasons: (i) in connection with its initial review and analysis of the Service; (ii) in making a decision as to whether or not to enter into negotiations for the Service to satisfy its particular business needs; (iii) in maintaining its Service in the most advantageous manner; and (iv) in staying abreast of enhancements or other modifications to the Service.
- 1.3 **Changes to the Product Guide:** Subject in all respects to the terms and conditions of this Product Schedule and the Agreement, Verizon in its sole discretion shall have the right to change terms set forth in the Product Guide. In accordance with Section 25 (Notices) of the Agreement, Verizon shall provide notice of any change to the Product Guide, and such changed Product Guide shall be the Product Guide as defined herein, and such changed Product Guide shall apply to all existing and new Services provided to Customer pursuant to the Agreement and this Product Schedule from the date of such change to the Product Guide.

If Verizon makes significant and material changes to the Product Guide without the agreement of Customer and, as a direct result of such changes, Customer’s ability to obtain the Services covered by this Attachment 16 are significantly and materially affected, Customer will be permitted to cancel the Services affected by the changes, without further liability.

1.4 **Tariffed Transparent LAN Service (TLS) and New Purchases of the Service:**

The Parties hereby agree as follows:

(a) *New Purchases of TLS Services:* As of the Product Schedule Effective Date, Customer shall not place any new orders for TLS services which are offered pursuant to the Tariffs (including such services offered pursuant to contract tariff options, individual case basis tariffs, specialized service arrangements, and all other tariffed arrangements) (collectively, **Tariffed Service(s)**). Customer shall place all new orders for the Service pursuant to the terms and conditions of this Product Schedule, the Product Guide and the Agreement.

(b) *Conversion of Existing Tariffed Service(s) to TLS Service:* Tariffed Service(s) purchased prior to the Product Schedule Effective Date shall, as of the Product Schedule Effective Date, be provided pursuant to the terms of this Product Schedule and the Agreement. At Customer's option, Customer may either: (a) convert its Tariffed Service(s) to TLS under this Agreement with the existing Commitment Period, on the terms and conditions, including the rates and charges, set forth in this Product Schedule and the Product Guide; or (b) convert its Tariffed Service(s) to TLS Service under this Agreement and subscribe to a new Commitment Period of equal or longer length than the Commitment Period for the Tariffed Service(s), on the terms and conditions, including the rates and charges, set forth in this Product Schedule and the Product Guide.

(c) *Orders in Progress:* Any orders previously placed under the Tariffs for Tariffed Service(s) shall, as of the Product Schedule Effective Date, be governed by the terms of this Agreement, and Customer acknowledges and agrees that any and all amounts and obligations owed to Verizon on or after the Product Schedule Effective Date for Tariffed Service(s) provisioned or orders placed under Tariff shall be due and owing under this Product Schedule and be governed by the terms and conditions of this Agreement as if such Tariffed Service or orders for Tariffed Service had been provisioned or placed under the Agreement.

**2. Terms and Conditions**

2.1 In order for Customer to receive the rates, terms, and conditions for the Service as set forth in the Agreement, the Product Guide and this Product Schedule, Customer must place the contract number assigned to this Product Schedule in the designated field of all service orders (to include Access Service Requests (ASRs)) submitted in connection with the Service.

### 3. Rates and Charges
