

Good morning Judge Wallis,

According to staff's information, the \$95,000 represents the approximate total revenue that PSE received from the PSE Connections program over the entire life of the program. In response to a staff request for information, PSE stated, "Since implementing the program in November, 2001 through 2005, gross revenues paid to PSE under this contract amount to \$95,173." Please see the staff investigation report at Appendix C, PSE's response to staff's request for information # 4, page 18. If this information insufficiently answers your questions, or if you have any further questions, please let me know.

Regards,

Jennifer Cameron-Rulkowski
Assistant Attorney General
