

REPORT OF HOOD CANAL TELEPHONE CO., INC. UNDER THE
WASHINGTON UNIVERSAL COMMUNICATIONS SERVICES PROGRAM
IN COMPLIANCE WITH WAC 480-123-130

July 1, 2019

Docket No.UT-180655

File electronically

1. WAC 480-123-130(1)(a) - Access Lines Served [NECA 1.3 working loops]

	January 1, 2018	December 31, 2018
Residential	573	537
Business	209	211

2. WAC 480-123-130(1)(b) - Use of Support

The funds received by the Company from the universal communications services program in calendar year 2018 represent monies that the Company formerly received through the Washington Exchange Carrier Association (WECA) pooling process and the reduction of support under the Federal Communications Commission's (FCC's) Connect America Fund InterCarrier Compensation Fund (CAF ICC) program. As such, the funds from the universal communications services program contributed to defrayal of the ongoing operation and maintenance expenses of the Company. The funds from the universal communication services program are contributing to the Company's ongoing provision of high-quality basic telecommunications service to customers residing in the area the Company serves.

In December 2018, the Company received \$165,933 from the universal communications services program for the fiscal year ending June 30, 2019.

During the first six months of 2019, the Company acquired a computer server for approximately \$7,500, acquired a leakage meter tool for approximately \$6,500, acquired central office equipment of approximately \$13,000, installed fiber drops at a cost of approximately \$10,000 and continued to work on fiber-to-the-home projects at a cost of approximately \$16,000. The funds received from the universal communications services program can be viewed as contributing to the Company's ability to perform those projects. In the second half of 2019 the Company plans to undertake additional fiber-to-the-home projects in the amount of approximately \$196,000, install fiber drops at an estimated cost of approximately \$38,000, purchase central office equipment for approximately \$33,000 and upgrade transport backbone and office server computer equipment for approximately \$37,000.

3. WAC 480-123-130(1)(c) - Unfilled Consumer Requests for New Basic Telecommunications Service*

None

* Service requests that are ongoing but still within normal processing times are not counted as unfulfilled.

4. WAC 480-123-130(1)(e) - FCC Form 477

This form was previously filed on or about March 1, 2019 under Docket UT-190003.

5. WAC 480-123-130(1)(f) - Report on Operational Efficiencies/Business Plan Modifications

The Company continually reviews its operations to determine if efficiencies can be achieved. The Company already has a plan in place to concentrate on improving broadband service while continuing to provide high-quality basic telecommunications service to the customers that are located within the area that the Company serves. The funds received from the universal communications services program can be viewed as assisting in the Company's efforts to obtain operational efficiencies.

6. WAC 480-123-130(1)(g) and (h) - Other information

Not Applicable.

Certified Statement as required by WAC 480-123-130(1)(d):

I, Richard Buechel, am an officer of Hood Canal Telephone Co., Inc., and upon personal knowledge and with responsibility therefor, hereby certify under penalty of perjury, that Hood Canal Telephone Co., Inc. materially complied with Commission rules under Chapter 480-120 WAC that are applicable to the Company and its provision of service within the area for which the Company received universal communications services program support.

Signed at Union, Washington this 1 day of July, 2019.

President
