

ATTACHMENT 2

WAC 480-123-110(1)(d):

- (d) The provider's broadband plan or the broadband plan of its ISP affiliate to provide, enhance or maintain broadband services in its service area for which program support is sought should include the following elements, to the extent applicable to the broadband plan:
- (i) Multi-year investment plan*;
 - (ii) Specific project(s) that are projected to provide or enhance broadband services at speeds required by the commission or the Federal Communications Commission;
 - (iii) A plan for maintenance of broadband services in the provider's service area for which program support is sought;
 - (iv) A plan for how the provider will enhance broadband services in its service area for which program support is sought; and
 - (v) Any supporting information that the commission requests to assist its review and analysis of the provider's broadband plan.

Comments:

* A plan can only be relatively specific for a year out. Everything after that is a guess.
