Subject: Docket TG-190488 written motion to request Default Order to be vacated

To Washington Utilities and Transportation Commission, Judge Rayne Pearson and to whom it may concern:

This is a response and a request to Vacate Default Order set in motion against Sean Smith regarding Docket # TG- 190488

I was out of town when I received notice for court as well as never receiving notice regarding court for November which was rescheduled for December until it was the Saturday before.

When I was served my brother answered the door asking who was at the door, they said are you Sean? He said no, may I ask whose looking? He responded by throwing the papers inside the door stating I'd been served.

I received notice indicating that I was no longer allowed, nor allowed previously to haul solid waste for customers'. I ceased all activity which involved me helping anyone with any dump runs but still maintained posting for Household cleaning, yard and snow cleaning, bagging and or detailing type help.

Unfortunately I was still in a big habit of adding garbage and hauling services, (still am, but am actively adjusting my posts to accommodate laws.) After making contact with Kelly Jurgenson regarding 8 bags of garbage, I'd reached out to two of my friends' who do lawn care services and told them I'd be having a job coming up. I explained the job and stated as soon as it came up, I'd add the two into the group.

Though it backfired and was a trap, I appreciate it because of how much it helped me to learn about what is legal, what is not and what i was doing that was in fact not okay habits. I have since declined any type of garbage hauling for anyone due to not having my dumping regulations taken care of.

I apologize for not making it to court as per directed, I honestly got notice waaay too late in order to make accommodations for my truck (I was going to try still making it when I'd found myself with a temporarily broken down truck).

Currently I have ceased and desist all garbage services, not even offering to transfer- If I can not do the job, I do not offer my services, nor do I offer to pass them along. I do intend on becoming certified next spring for lawn care mowing landscaping and tree services.

I do apologize, I am not as stubborn as I may come across, I do have a hard time understanding some things, as this has been a headache to understand.. I do feel I have the majority of this situation fully understood now and I feel this issue and situation will stay in the background and I greatly appreciate your willingness to hear me out.

Thank you to all parties involved in clearing up the fog on this situation and to help close this case.

Sincerely,
Sean Smith

Also, I think I have cleaned up Facebook marketplace... Please, feel free to comment, post or make an emoji icon on the inquired post to help me find and remove any other posts. I have asked others' to help keep an eye out for any old posts or potentially new posts I may slip up on to help keep myself out of having this situation come back again.
