RE: 2022 Annual Renewable Portfolio Standard Report

In accordance with RCW 19.285.070 and WAC 480-109-210(1), PacifiCorp dba Pacific Power & Light Company (PacifiCorp) submits its 2022 Annual Renewable Portfolio Standard (RPS) Report to the Washington Utilities and Transportation Commission to report the company's progress in meeting the targets established in RCW 19.285.040.

PacifiCorp requests confidential treatment in accordance with WAC 480-07-160. The documents labeled as confidential include proprietary cost data. This confidential business information is of significant commercial value, which could expose the company to competitive injury if disclosure is unrestricted. Accordingly, PacifiCorp requests confidential treatment on the basis that the documents contain "valuable commercial information, including trade secrets or confidential marketing, cost, or financial information, or customer-specific usage and network configuration and design information," as provided in RCW 80.04.095 and in accordance with WAC 480-07-160(2)(b). The only confidential information in this year's report are the negotiated power purchase agreements, which are provided as part of the work papers.

PacifiCorp continues to be concerned that customers may be exposed to a level of market price risk associated with public disclosure of compliance information, but has agreed to publicly release certain components of the report as agreed upon with stakeholders in the informal RPS workgroup.

In compliance with RCW 19.285.070(3) and WAC 480-109-210(4), the company will post the public renewable report on its website to make the information available to customers.
