Re: **DOCKET NO. UT-230617 WASHINGTON STATE UNIVERSAL SERVICE COMMUNICATIONS PROGRAM** – Petition for eligibility of Inland Telephone Company to receive support – WAC 480-123-130 Report

Dear Mr. Killip:

On June 18, 2024, Inland Telephone Company submitted to the Washington Utilities and Transportation Commission (“WUTC”) its report and supporting documentation relating to the Washington State Universal Service Communications Program pursuant to WAC 480-123-130. Upon WUTC staff review, the narrative in Section 2 within the report did not match the supporting documentation and Section 6 required additional verbiage. This filing of the report is made to correct and replace the previous report that was filed. The supporting documentation that was previously filed is correct and should remain in the record.

If you should have any questions or need further information, please contact me by email at jbrooks@inlandnet.com or call me at (509) 649-2211.

Sincerely,

James K. Brooks
Treasurer/Controller
