Re: DO NOT REDOCKET—Docket UE-240405—2024 Annual Renewable Portfolio Standard Report – Second Revision

Pacific Power & Light Company (Pacific Power), a division of PacifiCorp, submitted its 2024 Annual Renewable Portfolio Standard Report to the Washington Utilities and Transportation Commission on May 30, 2024. On June 19, 2024, the company submitted a revised report that corrected typographical errors during a review with Washington Utilities and Transportation Commission staff.

In an additional review with Washington Utilities and Transportation Commission staff, it was discovered that the company inadvertently had a typographical error on page 9 of the narrative as detailed below:

Location	Type of Information	Explanation
Narrative Report, page 9	Energy Independence ACT – (Commerce Renewable Report -2024)	Commerce Renewable Report: Attached the correct corresponding (Commerce Renewable Report – 2024) to page 9 of the Narrative.

As a result of the revision and further guidance from staff, Pacific Power is providing an updated version of the following document in support of the report:

1. 2024 RPS Report Narrative

Please direct informal questions to Ariel Son, Regulatory Affairs Manager, at (503) 813-5410.

Sincerely,

/s/

Matthew McVee
