**WASHINGTON UTILITIES AND
TRANSPORTATION COMMISSION,**

Complainant,

v.

PUGET SOUND ENERGY, INC.,

Respondent.

**Docket No. UE-11___
Docket No. UG-11___**

**FIRST EXHIBIT (PROFESSIONAL QUALIFICATIONS) TO THE
PREFILED DIRECT TESTIMONY OF
R. CLAY RIDING
ON BEHALF OF PUGET SOUND ENERGY, INC.**

JUNE 13, 2011

1 **PUGET SOUND ENERGY, INC.**

2 **FIRST EXHIBIT (PROFESSIONAL QUALIFICATIONS) TO THE PREFILED**
3 **DIRECT TESTIMONY OF R. CLAY RIDING**

4 **Q. Please state your name and business address.**

5 A. My name is Richard C. (“Clay”) Riding. My business address is 10885 NE
6 Fourth Street, P.O. Box 97034, Bellevue WA 98009-9734.

7 **Q. By whom are you employed and in what capacity?**

8 A. I am employed by Puget Sound Energy, Inc. (“PSE”) as Director, Natural Gas
9 Resources.

10 **Q. What are your duties as Director, Natural Gas Resources?**

11 A. I am responsible for the acquisition of long-term natural gas supplies,
12 transportation and storage for PSE’s core gas and gas-fired generation portfolios.
13 I lead natural gas resource project development and acquisition efforts to achieve
14 a diversified pool of gas resources. I also oversee PSE’s interests in the Jackson
15 Prairie Storage Project.

16 **Q. Briefly describe your education and relevant employment experience.**

17 A. I have 28 years of experience in the energy industry covering a broad range of
18 areas including risk management, utility operations management, trading,

1 business development and marketing, and accounting and finance. My
2 background includes the acquisition and management of energy supply resources,
3 utility and interstate pipeline operations, and operating pursuant to Federal
4 Energy Regulatory Commission regulations.

5 I earned a Bachelor of Science degree in Accounting from the University of Utah
6 in June 1981. From 1981 to 1997, I worked for The Williams Companies as a
7 Senior Business Development Representative, as a supervisor in Williams’
8 general accounting/financial reporting department, and in various accounting and
9 finance positions. During my last eight years at Williams, I was responsible for
10 developing and maintaining new natural gas markets, customer relations,
11 overseeing project development, and identifying and developing new service
12 opportunities related to the company’s natural gas transportation system.

13 In 1997, I joined PSE as a Wholesale Energy Marketer, and in 1999 I was
14 promoted to the position of Director, Gas Supply Operations. In that position, I
15 directed and managed gas supply activities and resources, including trading
16 activities. I was responsible for short, medium, and long-term supply resources. I
17 negotiated natural gas supply purchase and sale transactions, interstate pipeline
18 transportation and storage agreements, and supply contracts with large industrial
19 end-use customers.

20 In 2002, I joined Power Resource Managers (“PRM”), in Bellevue, as a
21 consultant and term trader. At PRM, I represented various entities in energy

resource management, contract negotiations and risk management activities.

Primary responsibilities involved management of energy resources for PRM's three public utility owners; specifically, acquiring and managing gas supply resources to support gas-fired power generation. I also served on the Risk Management Committee of all three public utilities.

In 2007, I returned to PSE in my current position.
