RE: UT-043013 - Notice of Preliminary Hearing Thursday
Subject at 1:30 pm PST to Address Balance of Harms
Presented by CLECs' Motion for Enforcem ent 

I would welcome any witnesses and attorneys who appear in person. The hearing will be in Room 108. I may need to limit testimony and cross in order to accomplish what we need. Please focus any witnesses to companies who are currently operating out of the Mount Vernon switch and can speak to actual operational effects. I will give priority to such witnesses rather than "hypothetical" effects. I will try to finish the hearing by 5 pm, but we may go longer if need be.

at 1:30 pm PST to Address Balance of Harms
Presented by CLECs' Motion for Enforcement ent

Judge Rendahl, I have a couple of quick procedural questions. First, will any attorneys or witnesses be allowed to attend in person? Second, is there an end time to the hearing or will it just go until everyone is done, possibly even after 5:00 p.m.?

Thank you.

Please let me know by 1 pm today who will call in on the bridge line.
Thanks.

UT-043013 - Notice of Preliminary
Hearing Thursday at 1:30 pm PST to
Address Balance of Harms Presented
by CLECs' Motion for Enforcement

I will be sending out a more formal written notice later today via courtesy e-mail, but wanted to notify you at the earliest time that the Commissioners have requested that I hold a hearing on the CLECs' Motion for Enforcement tomorrow at 1:30 p.m. in the nature of a preliminary hearing to address the balance of harms. Parties who wish to present witnesses to provide oral testimony must make those witnesses available either in person or via a teleconference bridge line, which number will be provided in the more formal notice to be provided later today. Witnesses should be prepared to address the operational aspects of the conversion from the circuit to the packet switch in Mount Vernon, Washington, as well as any customer affecting aspects of the conversion. The primary issue at this hearing is whether the conversion is truly a pricing issue or if customers will be discontinued or otherwise affected by the conversion.

Parties must notify me or Margret Kaech via e-mail or telephone (Margret Kaech's number is 360-664-1140) as to who will need access to the

conference bridge so that we know how many lines to order. I will also need to know how many parties wish to present witnesses, and the names or basic identity of those witnesses. There is another hearing scheduled for tomorrow for which the Commission's regular conference bridge will be used.
