Judge Kopta. I apologize. I missed the cross deadline and thought our schedule lacked one. I consulted the parties with my concern before sending my letter. I believe we can leave the date from the September 14th notice in place. No modification is needed, from my perspective. Again, my apologies for causing such confusion!

Ms. Gafken,

I'm confused by the letter regarding date to submit cross examination exhibits and estimates you filed last week in this docket. Your letter incorrectly states that the Commission has not established a date to provide cross-examination estimates and file cross-examination exhibits. The Commission's September 14, 2015, Notice Revising Procedural Schedule (a copy of which is enclosed for your reference) states at the end of the first paragraph on the second page, "The Commission also requires the parties

to file all cross-examination exhibits and to provide exhibit and witness lists and cross-examination time estimates by January 7, 2016.” You represent in your letter that the parties have conferred and agree that January 5, 2016, is an appropriate date for this filing and submission. Are you requesting that the Commission revise that deadline?
