NOTICE OF SCHEDULE REVISION

Re: Washington Utilities and Transportation Commission
vs. Washington Natural Gas Company
Docket No. UG-920840

TO ALL PARTIES OF RECORD:

The Commission announces the following change in the scheduled cross-examination of Commission Staff, Public Counsel, and Intervenor testimony:

Delete -- Wednesday, May 19, 1993

ADD -- TUESDAY, MAY 25, 1993, 9:00 A.M. - 5:00 P.M.

This change anticipates additional time required to complete this phase of hearings, given the number of hearing days necessary to complete cross-examination of company testimony. If hearings are not completed on Tuesday, the administrative law judge will announce the starting time for continuation of the hearings on Wednesday, May 26.

Sincerely,

Paul Curl
Secretary
