RE: Deactivated Gas Line Inspection and Remediation Program (Docket PG-160924)

Dear Mr. Mayo,

Pursuant to the settlement agreement contained in docket PG-160924, PSE is submitting this closeout agreement for completion of Population 1 services inspection by December 19, 2018.

I am pleased to report that the Population 1 inspections were completed ahead of schedule on December 13, 2018. There were two (2) improperly deactivated services found in Population 1 and have been cut and capped. The rest of the Populations 2, 3 and 4 are in progress and on track for completion as per the requirement of the settlement agreement. Attached are the results of the 2018 efforts under the Deactivated Gas Line Inspection and Remediation Program.

PSE appreciates the opportunity to continue to work with Staff on this program. Should you have any additional questions, please call me at (404) 558-8203.

Sincerely,

Vidushi Raina
Gas Compliance Program Manager
