Description of Service: 5-1-1 Routing Service is a three-digit local dialing arrangement available in specified areas for the delivery of travel information services via voice grade facilities. Pursuant to Order 00-256 issued by the FCC in CC Docket 92-105, the 5-1-1 code was made available for access to travel information services. 5-1-1 service is designed to be offered by State Transportation Departments or their designee. This service utilizes AIN technology in an application similar to a Single Number service which routes the 5-1-1 call based on the number the caller is calling from. NPA, NPA/NXX, Zip+4, Zip Code, or Signal Point code routing will direct the incoming call to the correct 5-1-1 center.

Termination Charges: Not applicable.

Number of Units: 42 AIN Capable Host Offices
7 Non-AIN Certified Host Offices

Monthly Recurring Charge(s) per unit: Not applicable.

WAC 480-80-142:

- 7(iii) Demonstrate, at a minimum, that the contract charges cover the company's cost of providing the service. Costs will be determined under a long-run incremental cost analysis, including as part of the incremental cost, the price charged by the offering company to other telecommunications companies for any essential function used to provide the service, or any other commission-approved cost method.

- 7 (iv) Summarize the basis of the charge(s) proposed in the contract and explain the derivation of the proposed charge(s) including all cost computations involved.

Since the Company and Staff have agreed to the terms for providing this service, no new cost support documentation is included in this filing. Amendment No. 5 reflects only the 5-1-1 Routing Service Establishment Charge, Per Point-to-Number, which does not apply to existing Service but will apply to changes and additions.
