Re: Completion of Work Funded by GCPF Project
TR-040294

I attached a memorandum in which Ray Gardner of Commission rail staff confirms that the work for the subject project was completed. This confirmation is based upon his personal knowledge.

Based upon Mr. Gardner's confirmation, the project was properly paid.

Subject: Completion of Work Funded by GCPF Grant
TR-040294

The subject project involved a grant to Operation Lifesaver for fencing at the Hood River trestle in Underwood. Approximately 350 feet of fencing was to be installed on the east side of the trestle, and about 400 feet on the west side. I have visited the site and confirm that the project was completed.
