RESPONSE:

Prior to this docket, the previous WUTC compliance review of Chipman Moving concerning motor carrier safety rules occurred on May 15, 2001, nearly six years ago. Other than the Staff response to the application for mitigation and accompanying documentation already filed in this docket, and the two new documents attached hereto, Staff has no additional information concerning Chipman's compliance or lack of compliance with motor carrier safety rules in the last three years.

Staff submits the following additional documents that contain information relevant to Chipman's compliance or lack of compliance with motor carrier safety rules:

- 1) Written response by Jeffrey Suth of Chipman Moving to the WUTC compliance review completed by Leon Macomber on October 31, 2006 (TV-061927), and cover e-mail, dated November 15, 2006. (5 pages)
- 2) WUTC letter to Chipman Moving (Jeffrey Suth), dated December 28, 2006. Among other things, the letter indicates Staff's intent to do a follow-up compliance review by February, 2007. The Penalty Assessment was issued subsequent to this letter, on January 12, 2007. Since issuance of the Assessment, Staff has completed a follow-up compliance review. (2 pages)
