Re: Compliance with WAC 480-107-055

Dear Ms. Washburn:

Enclosed for filing, please find Puget Sound Energy, Inc.'s ("PSE") schedule of estimated avoided cost, pursuant to WAC 480-107-055. An electronic copy of the same is being submitted through the Records Center Web Portal.

The schedule of estimated avoided cost does not provide a guaranteed contract price for electricity. As indicated in WAC 480-107-055 (4), this schedule provides only general information to potential bidders about the costs of new power supplies.

As provided for in WAC 480-107-055 (2), this schedule of estimated avoided cost is based upon the estimates included in PSE's current integrated resource plan, filed with the WUTC in accordance with WAC 480-100-238, which contains the estimates of current projected market prices for power. The documentation that supports this schedule of estimated avoided cost is contained within PSE's previously filed integrated resource plan, filed with the WUTC on May 30, 2007, in Docket Number UE-071063, the information is located in Appendix I, page I-25.

If you have any questions about the information contained in this filing, please contact Eric Englert, Manager Regulatory Initiatives & Tariffs, at 425-456-2312. Any other questions about this filing may be directed to me at 425-462-3495.
