Subject: RE: Compliance reporting UW-121523

A mistake in my request.

Please provide the **regulated customers** only and not non-regulated as noted in my request for a supplement report.

Subject: Compliance reporting UW-121523

Mr. Gothro

I have reviewed the compliance update you recently filed and found some issues that will need to be addressed.

First, in the future please do not include specific customer information such as name and address and account numbers. If this information is on the copies being provided please blank out or redact that information.

Second, the docket number of the compliance filing is UW-121523 (General rate case) and not UW-121684 (Proposed change in tariff rule five clarifies that customers cannot share water service from one property to another property.)

Third, the order (copy attached) noted in paragraph 15 that "Scenic Shores Water Company must file, no later than February 1, 2014, copies of bills issued to each regulated water customer that show the Company has implemented the final rate design that will become effective December 20, 2013. "

Please file a supplement report with bill copies for all non-regulated customers showing that the rates have been implemented on December 20, 2013, as noted in the order.

This supplement should be sent to the records center at records@utc.wa.gov and can be electronic.

If you have any questions or comments please let me know. If the company cannot provide this supplement report within 10 days please let me know.
