OFFICE OF THE
SECRETARY
WASHINGTON UTILITIES & TRANSPORTATION COMMISSION

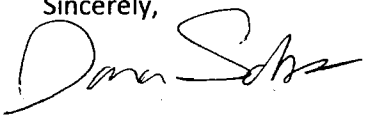

RE: September 21, 2015
2802 East "R" St, Tacoma, WA

To Whom It May Concern,
Woodland Industries would like to petition to re-open the UTC Incident Investigation at 2802 East "R" St, Tacoma, WA. We would like to challenge the ruling under WAC 480-07-825 that we were digging without locates. Woodland Industries filed two Utility locates for this address using the address given to us by the owners of the property, Puyallup Tribe of Indians. Address given & used was 2800 East "R" ST instead of 2802 East "R" ST. Woodland Industries wasn't notified by Puget Sound Energy that we had an incorrect address or that they couldn't find that address given on the locate Ticket #15179407 or Ticket #15283209. In the area we were working, Puget Sound Energy didn't mark or notify us the gas had not been disconnected at this property. Woodland Industries would like the opportunity to go over the violation & present more information.

Woodland Industries appreciates the opportunity to present our case again to the Commission.

Thank-you!

Sincerely,

Dana Schmidt (for R. Lee Rogers - President/Owner)
