

REPORT OF WESTAGTE COMMUNICATIONS LLC DBA WAVTEL UNDER THE
WASHINGTON UNIVERSAL COMMUNICATIONS SERVICES PROGRAM
IN COMPLIANCE WITH WAC 480-123-130

July 2, 2018

Docket No.UT-170867

File electronically

1. WAC 480-123-130(1)(a) - Access Lines Served [NECA 1.3 working loops]

	January 1, 2017	December 31, 2017
Residential	____ 31 ____	____ 40 ____
Business	____ 22 ____	____ 29 ____

2. WAC 480-123-130(1)(b) - Use of Support

The funds received by the Company from the universal communications services program in calendar year 2017 represent monies that the Company formerly received through the Washington Exchange Carrier Association (WECA) pooling process and the reduction of support under the Federal Communications Commission's (FCC's) Connect America Fund InterCarrier Compensation Fund (CAF ICC) program. As such, the funds from the universal communications services program contributed to defrayal of the ongoing operation and maintenance expenses of the Company. The funds from the universal communication services program are contributing to the Company's ongoing provision of high-quality basic telecommunications service to customers residing in the area the Company serves.

In December 2017, the Company received \$83,247 from the universal communications services program for the fiscal year ending June 30, 2018.

During the first six months of 2018, the Company undertook projects to build out copper and XDSL services to its customers. As of June 15th, 2018, Westgate's line counts were 76 voice and 56 data lines. Westgate also completed upgrading two of its remotes with increased real time power backup. The funds received from the Washington State universal communications services program can be viewed as contributing to the Company's ability to perform the project of building out plant to reach more customers with voice and data services, including, without limitation, the repayment of loan funds. In the second half of 2018, the Company plans to continue to build out voice and data services to its customers. We also plan to complete our crew bunk house that allows our construction work force to be housed in Stehekin as there is no other billeting available in the summer due to the high tourist season. During the tourist season, there are no rooms to let for employees and temporary workers in Stehekin. Westgate will also continue to repay its loans.

3. WAC 480-123-130(1)(c) - Unfilled Consumer Requests for New Basic Telecommunications Service*

None

* Service requests that are ongoing but still within normal processing times are not counted as unfulfilled.

4. WAC 480-123-130(1)(e) - FCC Form 477

This form was previously filed on or about March 1, 2018 under Docket UT-180002.

5. WAC 480-123-130(1)(f) - Report on Operational Efficiencies/Business Plan Modifications

The Company continually reviews its operations to determine if efficiencies can be achieved. The Company already has a plan in place to concentrate on improving broadband service while continuing to provide high-quality basic telecommunications service to the customers that are located within the area that the Company serves. Westgate's internet company can now provide 12 Mbps down and 3 Mbps up. Westgate plans to be able to provide 50Mbps down by the end of the year. The funds received from the universal communications services program can be viewed as assisting in the Company's efforts to obtain operational efficiencies.

6. WAC 480-123-130(1)(g) and (h) - Other information

None

Certified Statement as required by WAC 480-123-130(1)(d):

I, Richard J. Weaver, am an officer of Westgate Communications LLC dba WeavTel, and upon personal knowledge and with responsibility therefor, hereby certify under penalty of perjury, that Westgate Communications LLC dba WeavTel materially complied with Commission rules under Chapter 480-120 WAC that are applicable to the Company and its provision of service within the area for which the Company received universal communications services program support.

Signed at 246 W. Manson Hwy Unit 1, Washington this 2 day of July, 2018.
