**RE: Docket UE-001734—Report on Costs Associated with Permanent Disconnection and Removal of Facilities**

Pacific Power & Light Company (Pacific Power), a division of PacificCorp, encloses for filing its Report on Costs Associated with Permanent Disconnection and Removal of Facilities for the period of January 1, 2018, through December 31, 2018. The enclosed report has been filed annually since the conclusion of Docket UE-001734.

The enclosed report provides a comprehensive summary of the cost associated with removing facilities when a customer requests permanent disconnection of service and Pacific Power's facilities to provide service are not likely to be re-used at that location and which require removal for safety or operational reasons.
