Re: Docket No. UW-060343 - Iliad Water Service, Inc. – Compliance
Filing – Joint Motion – Request for Finality

Dear Ms. Washburn:

Enclosed you will find the original and three copies of the compliance filing in the above-referenced matter. In addition, you will find the original and eleven copies of a Joint Motion to Amend Settlement Agreement.

The reason for filing the Joint Motion to Amend Settlement Agreement is to correct an error in the number of customers used to calculate the amounts used in the Settlement Agreement. The error originated with the Company and the Company apologizes and deeply regrets the error and any inconvenience that has resulted from the error.

The Company originally reported to Commission Staff that there were forty customers on the Alder Lake Water System consisting of twenty-nine active connections and eleven ready-to-serve customers. In fact, there are thirty-eight customers consisting of twenty-nine active customers and nine ready-to-serve customers.

The Company also requests that if the Joint Motion is accepted along with the compliance filing that would result from that Joint Motion, that the Commission's order approving the Joint Motion become the final order in this matter and the Company waives any administrative review rights related to that Order.

Sincerely,

A handwritten signature in black ink, appearing to read 'Richard A. Finnigan', written in a cursive style.
