COMMISSION**Re: Dockets UE-220066 and UG-220067 (Consolidated)
WUTC v. Puget Sound Energy**

Dear Ms. Maxwell and Judge Howard:

Pursuant to the procedural schedule in this docket, as shown in Appendix A to Order 20/06, this letter serves to notify you that King County will have one witness, Rachel Brombaugh, at the Virtual Settlement Hearing on October 3–4. Ms. Brombaugh is listed in the Order of Presentation and Time Estimates for Cross-Examination prepared by Puget Sound Energy.

Ms. Brombaugh has limited availability on October 3 and 4. King County therefore requests that the Green Direct Panel be allowed to testify first on October 3. That request is also reflected in the Order of Presentation and Time Estimates for Cross-Examination.

Finally, King County does not have any individual direct or cross-examination exhibits and will not rely on any exhibits other than those already submitted to the Commission in support of the Green Direct Settlement on August 5, 2022.

Thank you for your time and consideration.

Sincerely,

s/ Benjamin A. Mayer
