Dear Commissioners,

This is a comment on PSE's 2017 Integrated Resource Plan, Docket numbers UE-160918 and UG-160919.

I am concerned about climate change and the pollution caused by burning fossil fuels. Please ask PSE to close all Colstrip plants by 2025 and replace them with 100% renewable energy. Wind and solar is the direction we should be heading. Rate payers need to be heard!
