WUTC STAFF DATA REQUEST NO. 232:

REQUESTED BY: Wesley Franks

RE: Targeted Electrification Pilot

Witness Hutson testifies that “PSE plans to evaluate TEP Phase 2 after 2025 with results, at a minimum, to be shared with relevant advisory groups. Therefore, we find this recommendation to be largely redundant.” Exh. TAH-10T at 21-22. Does PSE currently have an evaluation plan for its TEP Phase 2? If yes, please provide the plan.

Response:

Once the TEP Phase 2 program work is approved by the Commission, a detailed evaluation plan will be developed in partnership with Puget Sound Energy’s contracted evaluation partner.
