Item 10 – Application of Rates – General

Rates named in this tariff cover the collection, transportation, and disposal of solid waste. When specifically referred to, rates also cover the collection and transportation of recyclable materials and/or yardwaste.

Title 81.77 of the Revised Code of Washington (RCW) and Chapter 480-70 of the Washington Administrative Code (WAC) govern operations of solid waste collection companies and the tariffs companies must file with the Washington Utilities and Transportation Commission (WUTC).

Unless exceptions are shown, all materials must be placed on the same level as the streets or alleys.

The company may charge additional amounts for disposal fees only when specifically stated in the tariff and separately shown on customer bills.

Item 15 – Holiday Pickup – Regularly Scheduled Service

When a pickup is missed due to the company's observance of a holiday, the company will provide service, at no additional cost to the customer, on an alternate day.

A list of the holidays the company observes is shown in Item 60.

For application of rates in this tariff, the company defines alternate day to mean the following:  
(N) The next regularly scheduled pickup day after the holiday.

Item 16 – Change in Pickup Schedule

When a company changes the pick-up date for its certificate area, or a portion of its certificate area, the company must notify all customers in the affected area of that change.

Notice must be made at least seven days before implementation of the new pickup schedule and may be made via mail, personal contact, or by a notice being affixed to the customer's solid waste receptacle.

  - If the customer elects to have an account adjustment made, the adjustment must show on the next regular billing.
  - If the customer elects to receive a refund, the company must issue a check within thirty days of the request.

The customer must be given a choice as to which option is preferred. The refund or credit must be the amount overcharged in the three years before the date of discovery.

- If the customer elects to have an account adjustment made, the adjustment must show on the next regular billing.
- If the customer elects to receive a refund, the company must issue a check within thirty days of the request.

Item 30 – Limitations of Service

**Refusal of service.** A solid waste collection company may refuse to:

- Pick up materials from points where it is hazardous, unsafe, or dangerous to persons, property, or equipment to operate vehicles due to the conditions of streets, alleys, or roads.
- Drive into private property when, in the company's judgment, driveways or roads are improperly constructed or maintained, do not have adequate turn-arounds, or have other unsafe conditions.

Item 160 – Time Rates

**When time rates apply.** Time rates named in this Item apply:

- When material must be taken to a special site for disposal;
- When a company's equipment must wait at, or return to, a customer's site to provide scheduled service due to no disability, fault, or negligence on the part of the company. Actual waiting time or time taken in returning to the site will be charged for; or
- When a customer orders a single, special, or emergency pickup, or when other items in this tariff refer to this Item.

**How rates are recorded and charged.** Time must be recorded and charged for to the nearest increment of 15 minutes. Time rates apply for the period from the time the company's vehicle leaves the company's terminal until it returns to the terminal, excluding interruptions. An interruption is a situation causing stoppage of service that is in the control of the company and not in the control of the customer. Examples include: coffee breaks, lunch breaks, breakdown of equipment, and similar occurrences.

**Disposal fees in addition to time rates..** Item 230 disposal fees for the specific disposal site or facility used will apply in addition to time rates.

Item 200 -- Containers and/or Drop Boxes -- General Rules

**Availability.** A company must maintain a supply of all sizes of containers and drop boxes for which rates are listed in this tariff. If a customer requests a container or drop box of a size listed in the company's tariff, and the company is unable to provide the requested size within 7 days of the customer request, the customer must be notified in writing or by telephone.

**Alternate-sized containers and/or drop boxes.** If the company cannot provide the requested-sized container or drop box (and that size is listed in the company's tariff), the company must provide alternate-sized containers or drop boxes, sufficient to meet the capacity originally requested by the customer, at the same rates as would have applied for the requested container or drop box.

**Disposal fees due on alternate-sized drop boxes.** If the company provides alternate-sized drop boxes, the customer is responsible for all lawfully applicable disposal fees resulting from the use of the alternate drop boxes.

**Rates on partially-filled containers and/or drop boxes.** Full pickup and rental rates apply regardless of the amount of waste material in the container or drop box at pickup time.

**Rates for compacted materials.** Rates for compacted material apply only when the material has been compacted before its pickup by the company.

**Rates for loose material.** Loose material dumped into the company's packer truck is subject to the rates for non-compacted material even though the material may be compacted later in the packer truck.

**Permanent and temporary service.** The following rules apply:

- (a) If a customer requests a container or drop box for less than 90 days, the customer will be billed at temporary service rates.
- (b) If a temporary service customer notifies the company that it has decided to retain the container or drop box for more than 90 days, permanent service rates will be assessed from the 91<sup>st</sup> day until the end of the period the customer retains the container or drop box.
- (c) If a customer requests a container or drop box for more than 90 days, the customer will be billed under permanent rates. If that customer cancels service before the end of the 90-day period, the company may not rebill the customer at temporary service rates. The intent of the customer at the time service was requested applies.
