Extension of certificate G-145 to operate motor vehicles to furnish garbage and a refuse collection service in the following expanded areas:

- (1) All land between Drayton Harbor Road and Drayton Harbor
- (2) All land between Semiahmoo Drive and Drayton Harbor
- (3) All land between Semiahmoo Drive and Semiahmoo Bay
- (4) All land between Birch Point Road and Birch Bay
- (5) All land between Birch Bay Drive and Birch Bay
- (6) All land on Point Whitehorn between the land located north of Grandview Road extended west to the Strait of Georgia and shoreland of Birch Bay

(A map is attached which depicts the territory).

ATTACHMENT C

Section 2 – Business Information:

State below the conditions that justify the granting of this application. If you are applying for temporary certificate authority, be sure your statement addresses and supports the questions of "immediate and urgent need."

The Washington Utility and Transportation Commission previously granted an extension of Certificate No. G-145, Order No. M.V.G. 646, Hearing No. GA-145, granting the extension of the Certificate of Public Convenience and Necessity authorizing to engage in garbage and refuse collection service. One of the basis for requesting the prior extension was that the Applicant was the only carrier providing refuse collection service to the residents of "Birch Bay Village". The Applicant's original intent was to extend the G certificate to include servicing Birch Bay Village. The Commission verbally agreed with the request.

Unfortunately, the legal description drawn, for the order describing the extended service area omitted Birch Bay Village, those properties west of Semiahmoo Drive and north of Drayton Harbor, west of Birch Bay Drive and south of Birch Point Rd. I do not believe the error was intentional and certainly was not based on the testimony at the hearing. Applicant's existing request is to extend their service area to correct this error.

Blaine Bay has been servicing these areas since the early 1970's, pursuant to what they thought was an order extending their service area G certificate. Thus, they have previously devoted the costs and facilities to service the public in these areas. Blaine Bay Refuse and Sanitary Service have been jointly servicing this area. Blaine Bay believes the community within those additional areas supports their continuation of collecting and disposing of the garbage and refuse. It is clear from the order extending the G certificate to Blaine-Bay by the Washington Utilities and Transportation Commission that Sanitary Service, at that time, was not adequately servicing Birch Bay Village and the other areas. From that date forward, Blaine-Bay has been servicing the area. Blaine-Bay has a history of the last 27 years servicing these areas and deserves to have their G certificate extended to serve these additional areas. Blaine-Bay has approximately 521 customers that they have been servicing for the last 27 years in this particular territory upon which they seek approval. There is an immediate and urgent need requiring the granting of a temporary certificate of authority to continue servicing these areas. It would be chaotic and cause considerable problems if Blaine-Bay Refuse were barred from servicing these existing clients until such time as a new order has been issued by the Washington Utilities and Transportation Commission in that the clients/customers previously served for the last 27 years would have no service and would be compelled to immediately find alternate means of disposing of their garbage.

"EXHIBIT A"

- (1) I reside at 5420 Salish Road, Blaine, WA/ ^{98230.} *Oulu*
- (2) Blaine Bay has been my/our garbage disposal provider for 21 years. They have accomplished this service in a responsible, workmanlike manner for all those years.
- (3) I understand that Blaine Bay may need a temporary certificate in order to continue to provide the garbage disposal service to my properties and other properties. I believe that if Blaine Bay is not given this certificate, the public interest will be harmed. Failure to issue the temporary certificate will disrupt our garbage disposal service and the garbage disposal service provided by Blaine Bay to over 500 other customers. I do not believe Sanitary Service can provide satisfactory service to our areas nor has the commitment to do so. Blaine Bay provides garbage disposal service in these areas on a regular basis seven (7) days a week. Sanitary Service only provides service one (1) day a week. It would not be within the public interest to discontinue Blaine Bay's opportunity to continue to service and provide garbage disposal service to this area. Otherwise, me and over 500 other customers will be without garbage service.

We are very pleased with our service
and wish to stay with the Blaine Bay Refuse
we hope we can keep this service coming
to our residence and wish no other company
to do our garbage service

Thank you

Subject: SSC Statement re BBR Temporary

07/22/2003 01:24 PM

Bonnie,

Per our telephone conference with Ed Nikula, it appears that service within the territory sought is split about half and half between SSC and BBR. There are very few (probably less than 10) commercial accounts in the territory. By rough estimate, there are about about 1000 developable lots between the town of Birch Bay all the way around the Bay, excluding Point White Horn where lot lines are difficult to count. Assuming about 50% development (which is about right), there would be about 500 residential customers. (It is likely that the shipper's statements that BBR provides service to over 500 customers probably includes those on both sides of the road.)

SSC serves about 300 residential customers, as follows: 93 Weekly 60 gal., 111 EOW 60 gal., 22 Monthly 60 gal., 2 Weekly 90 gal., 10 Weekly 30 gal., 13 EOW 30 gal. and 2 Monthly 30 gal. SSC provides weekly service on Mondays for residential customers (and Fridays for commercial, but those customers are located on the other side of the road).

SSC has never refused service to any customer as far back as any current employee can remember or records go.

If the request for authority is denied (on either a temporary or permanent basis), SSC has the personnel, rolling stock, containers to provide the weekly service currently provided by BBR to its shipper witnesses, as well as any other service level that would be required by other customers.

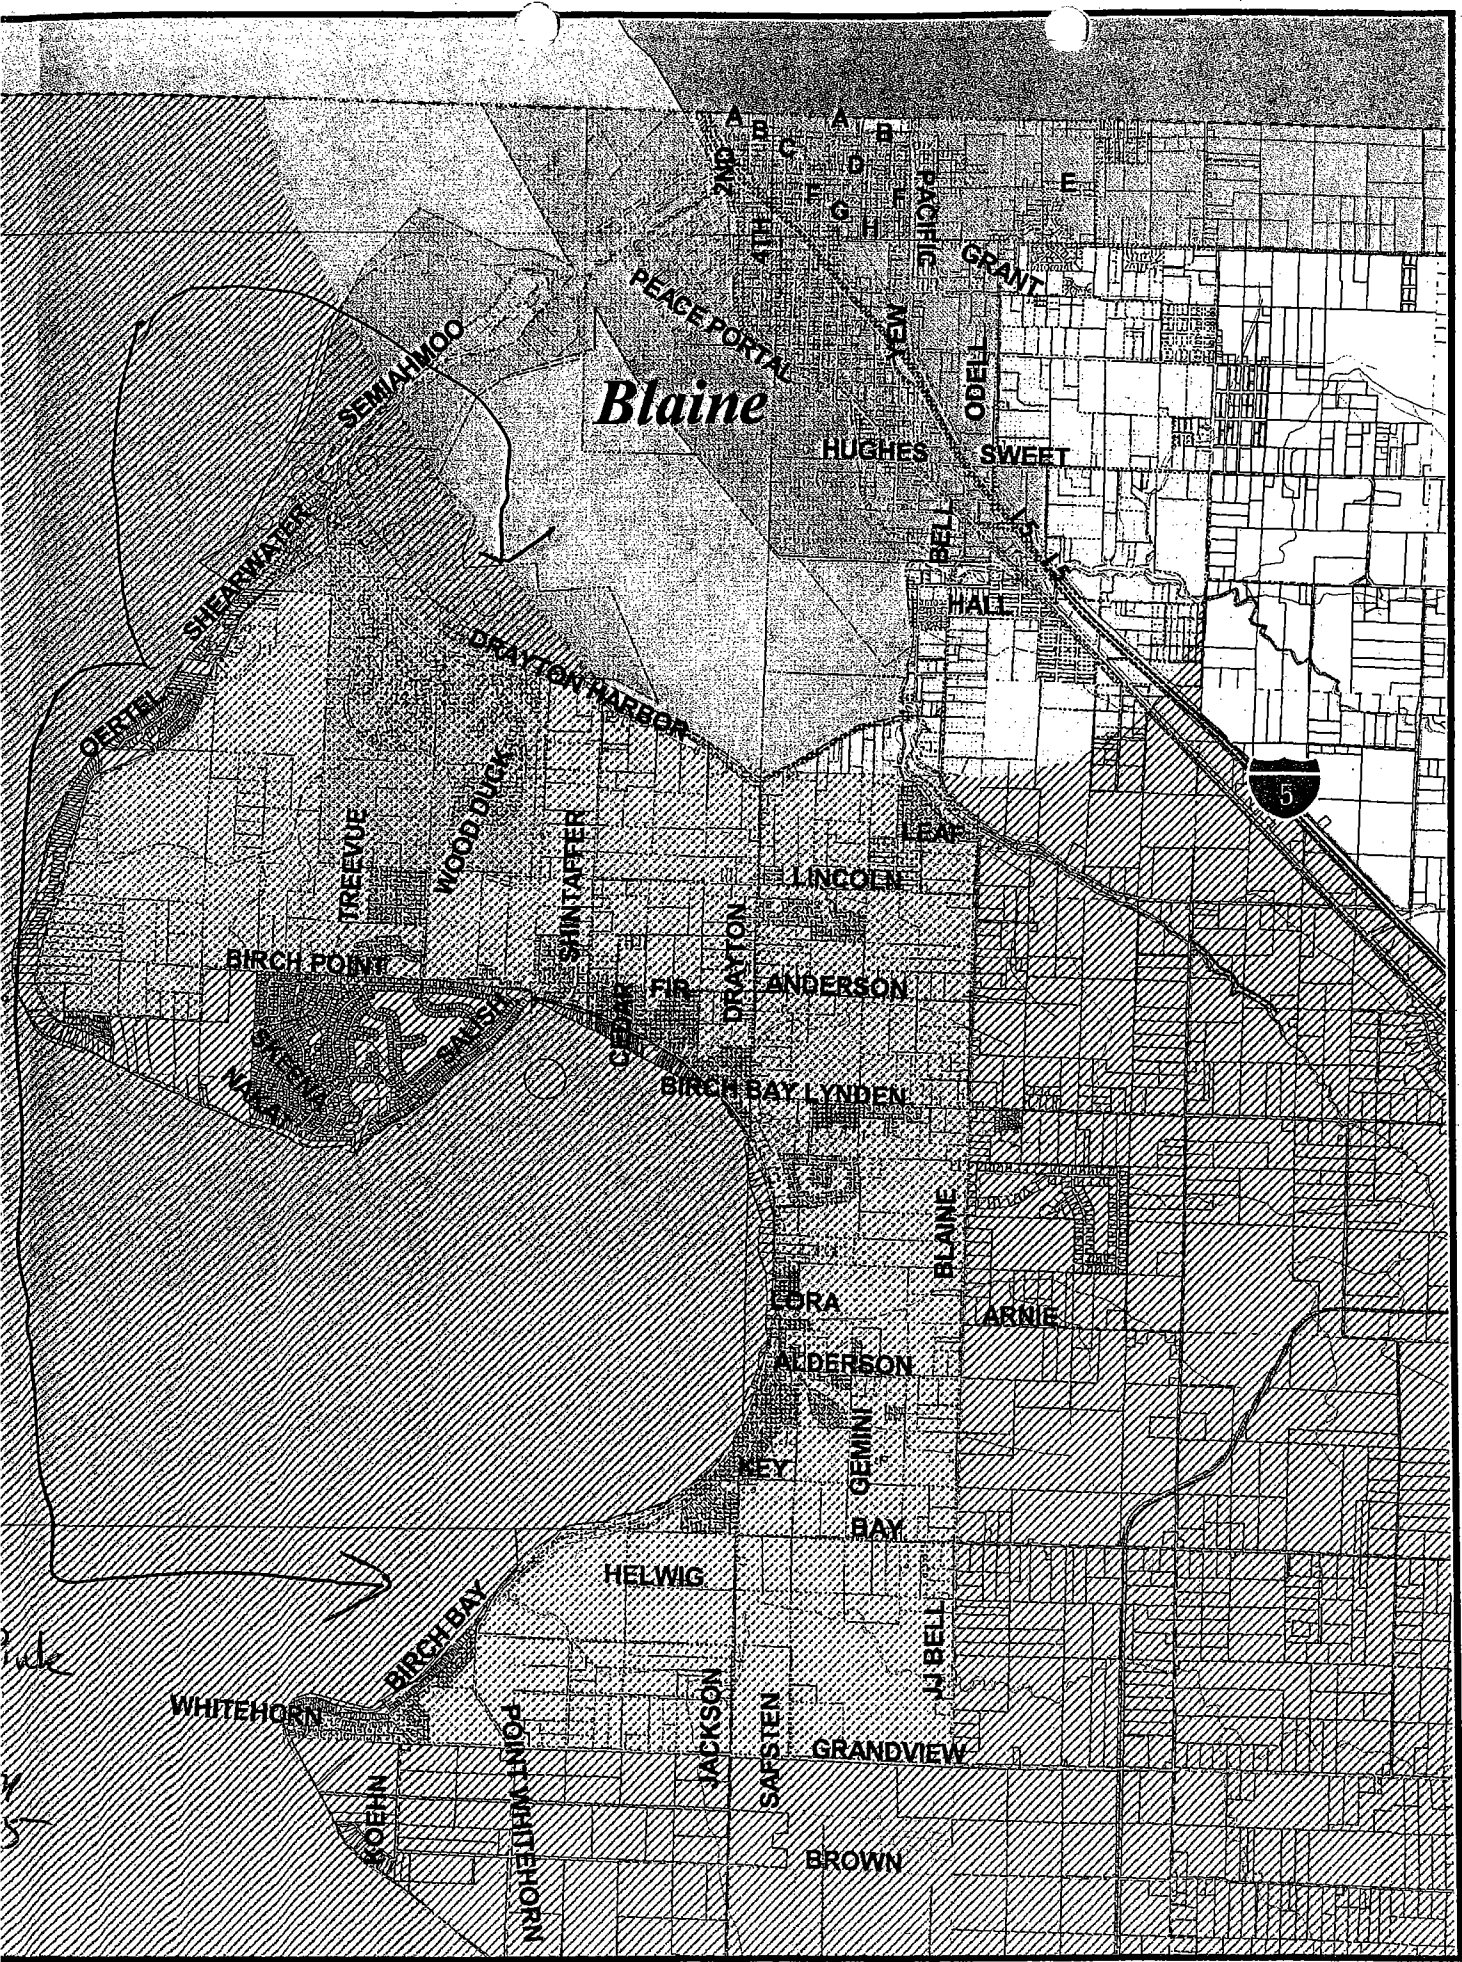

If the temporary authority is granted, SSC requests that it include a prohibition on solicitation of new customers.

Please feel free to call me, or Ed Nikula directly, if you would like any further information or have any questions.

Section 2 – Business Information:

Indicate below the commodity to be hauled and the territory in which you wish to operate. PLEASE NOTE Territory must be described using boundaries such as streets, avenues, roads, highways, townships, ranges, city limits, county boundaries or other geographic descriptions. In addition to describing the territory, you must file a map that meets the requirements of WAC 480-70-056 and clearly shows the described territory.

Extension of certificate G-145 to operate motor vehicles to furnish garbage and a refuse collection service in Birch Bay Village and other areas as specified herein. The territory described within the city of Blaine and within Whatcom County. The expanded territory is described as follows: All those lands located south of Birch Point Road, west of Semiahmoo Drive; north of Drayton Harbor Road. (A map is attached which depicts the territory).

The Washington Utility and Transportation Commission previously granted an extension of Certificate No. G-145, Order No. M.V.G. 646, Hearing No. GA-145, granting the extension of the Certificate of Public Convenience and Necessity authorizing to engage in garbage and refuse collection service. One of the basis for requesting the prior extension was that the Applicant was the only carrier providing refuse collection service to the residents of "Birch Bay Village". The Applicant's original intent was to extend the G certificate to include servicing Birch Bay Village. Testimony including the Commission agreed. Unfortunately, the legal description drawn, for the order describing the extended service area omitted Birch Bay Village, those properties west of Semiahmoo Drive and north of Drayton Harbor, west of Birch Bay Drive and south of Birch Point Rd. I do not believe the error was intentional and certainly was not based on the testimony at the hearing. Applicant's existing request is to extend their service area to correct this error.

See Revised Att. C

ATTACHMENT C

Section 2 – Business Information:

State below the conditions that justify the granting of this application. If you are applying for temporary certificate authority, be sure your statement addresses and supports the questions of "immediate and urgent need."

Blaine Bay has been servicing these areas since the early 1970's, pursuant to what they thought was an order extending their service area G certificate issued by the Washington Utilities and Transportation Commission. Thus, they have previously devoted the costs and facilities to service the public in these areas. Blaine Bay Refuse and Sanitary Service have been jointly servicing this area. Blaine Bay believes the community within those additional areas supports their continuation of collecting and disposing of the garbage and refuse. It is clear from the order extending the G certificate to Blaine-Bay by the Washington Utilities and Transportation Commission that Sanitary Service, at that time, was not adequately servicing Birch Bay Village and the other areas. From that date forward, Blaine-Bay has been servicing the area. Blaine-Bay has a history of the last 27 years servicing these areas and deserves to have their G certificate extended to serve these additional areas. Blaine-Bay has approximately 521 customers that they have been servicing for the last 27 years in this particular territory upon which they seek approval. There is an immediate and urgent need requiring the granting of a temporary certificate of authority to continue servicing these areas. It would be chaotic and cause considerable problems if Blaine-Bay Refuse were barred from servicing these existing clients until such time as a new order has been issued by the Washington Utilities and Transportation Commission in that the clients/customers previously served for the last 27 years would have no service and would be compelled to immediately find alternate means of disposing of their garbage.

Item 10 – Application of Rates – General

Rates named in this tariff cover the collection, transportation, and disposal of solid waste. When specifically referred to, rates also cover the collection and transportation of recyclable materials and/or yard waste.

Title 81.77 of the Revised Code of Washington (RCW) and Chapter 480-70 of the Washington Administrative Code (WAC) govern operations of solid waste collection companies and the tariffs companies must file with the Washington Utilities and Transportation Commission (WUTC).

Unless exceptions are shown, all materials must be placed on the same level as the streets or alleys.

The company may charge additional amounts for disposal fees only when specifically stated in the tariff and separately shown on customer bills.

Item 15 – Holiday Pickup – Regularly Scheduled Service

When a pickup is missed due to the company's observance of a holiday, the company will provide service, at no additional cost to the customer, on an alternate day.

A list of the holidays the company observes is shown in Item 60.

For application of rates in this tariff, the company defines alternate day to mean the following: The company observes no holidays.

Item 16 – Change in Pickup Schedule

When a company changes the pick-up date for its certificate area, or a portion of its certificate area, the company must notify all customers in the affected area of that change.

Notice must be made at least seven days before implementation of the new pickup schedule and may be made via mail, personal contact, or by a notice being affixed to the customer's solid waste receptacle.

Item 17 – Refunds

Credit due the customer. When there has been a transaction that results in a credit due the customer, the following apply:

- (a) If the amount due is five dollars or less, an adjustment will be made to the customer's account. The adjustment must be shown on the next regular bill.
- (b) If the amount due is more than five dollars, the customer may accept an account adjustment or may request a refund.
 - If the customer elects to have an account adjustment made, the adjustment must show on the next regular billing.
 - If the customer elects to receive a refund, the company must issue a check within thirty days of the request.

Overcharges. Once a company becomes aware that it has overcharged a customer, it must provide a refund or an account adjustment credit to the customer. The customer must be given a choice as to which option is preferred. The refund or credit must be the amount overcharged in the three years before the date of discovery.

- If the customer elects to have an account adjustment made, the adjustment must show on the next regular billing.
- If the customer elects to receive a refund, the company must issue a check within thirty days of the request.

Prepayments. If a customer has paid service fees in advance, service is discontinued during the pre-billed period, and the customer is due a refund, the following apply:

- (a) A company must honor all requests for refunds of the unused portion of prepayments.
- (b) If the customer provides a forwarding address to the company or one can be obtained from the Post Office, the company must issue a refund check no more than thirty days following the customer's request.
- (c) If the customer cannot be located or did not provide a forwarding address and the U.S. Post Office cannot furnish a forwarding address, the amount may be presumed to be abandoned and is subject to the Uniform Unclaimed Property Act after one year.

Item 20 – Definitions

NOTE: The definitions shown on the first three pages of this item are standard, in most cases prescribed by rule. Companies may not amend these definitions. Companies wishing to add definitions specific to their company's operations must include those definitions on a separate page, entitled, "Company-specific definitions." A blank sheet is provided for that purpose.

- Bale:** Material compressed by machine and securely tarped or banded.
- Bulky Materials:** Empty carriers, cartons, boxes, crates, etc., or materials offered for disposal, all of which may be readily handled without shoveling.
- Charge:** A set flat fee for performing a service. Or, the result of multiplying a rate for a unit times the number of units transported.
- Commercial Billing:** Service billed to a commercial customer or billed to, and paid for, by a property manager or owner rather than a residential tenant.
- Compacted Material:** Material that has been compressed by any mechanical device either before or after it is placed in the receptacle handled by the company.
- Compactor Disconnect/ Reconnect Charge:** A flat fee established by the solid waste collection company for the service of disconnecting a compactor from a drop box or container before taking it to be dumped, and then reconnecting the compactor when the drop box or container is returned to the customer's site.
- Gate charge:** A flat fee charged for opening, unlocking, or closing gates in order to pick up solid waste.
- Loose material:** Material not set out in bags or containers, including materials that must be shoveled.
- Multi-family residence:** Any structure housing two or more dwelling units.
- Packer:** A device or vehicle specially designed to pack loose materials.
- Pass through fee:** A fee collected by a solid waste collection company on behalf of a third party when the fee is billed directly to the customer without markup or markdown.

Item 20 - Definitions, continued

Permanent service: Container and drop-box service provided at the customer's request for more than ninety days.

Rate: A price per unit or per service. A rate is multiplied times the number of units transported or the number of times a service is performed to determine a charge.

Solid waste receptacle: includes the following items, with the following meanings:

Automated cart means a cart designed to be picked up and emptied by mechanical means. The specific type and size are to be defined in rate items.

Can means a receptacle made of durable, corrosion-resistant, nonabsorbent material that is watertight, and has a close-fitting cover and two handles. A can holds more than twenty gallons, but not more than thirty-two gallons. A can may not weigh more than 65 pounds when filled.

Cart means a wheeled plastic container. A cart may also be referred to as a toter. If supplied by a customer, a cart must be compatible with the company's equipment. The size and type of cart that is compatible will be established in each company's tariff.

Container means a detachable receptacle (normally designed to hold at least a cubic yard of solid waste) from which materials are collected by mechanically lifting the receptacle and emptying the contents into the company's vehicle.

Drop box means a detachable receptacle used to provide solid waste collection service by the receptacle being placed on the company's vehicle by mechanical means and transported to a disposal site.

Drum means a metal or plastic container of approximately fifty-gallon capacity, generally used for oils or solvents. A drum may not weigh more than N/A pounds when filled.

Litter receptacle means a container not over sixty-gallon capacity, generally placed in shopping centers and along streets or highways for litter. A litter receptacle may not weight more than 50 pounds when filled.

Micro-mini can means a can made of durable, corrosion-resistant, nonabsorbent material that is watertight and has a close-fitting cover. A micro-mini can may not hold more than ten gallons. A micro-mini can may not weight more than N/A pounds when filled.

Mini-can means a can made of durable, corrosion resistant, nonabsorbent material that is watertight and has a close-fitting cover. A mini-can may not hold more than twenty gallons or 2.5 cubic feet. A mini-can may not weight more than 35 pounds when filled.

Recycling bin or container means a bin or container designed or designated for the collection of recyclables. The size and type of recycling bin or container will be established in each company's tariff.

Toter means a wheeled plastic container. A toter may also be referred to as a cart. If supplied by customer, a toter must be compatible with the company's equipment. The size and type of toter that is compatible will be established in each company's tariff.

Unit means a receptacle made of durable, corrosion-resistant, nonabsorbent material, that is watertight, and has a close-fitting cover and two handles. A unit holds more than twenty gallons, but not more than thirty-two gallons or four cubic feet. A unit may not weigh more than 65 pounds when filled.

Where agreed on between the company and the customer, and where allowable under local ordinance, a box, carton, cardboard barrel or other suitable container may be substituted for a solid waste can, for a single pick-up that includes removal of the container, if it meets the size and weight limits established in the company's tariff.

Yardwaste bin or container means a bin or container specifically designed or designated for the collection of yard waste. Each company's tariff will refer to a specific type of yard waste bin or container to be used by customers in a service area. The type, size, weight, etc., of this type of bin or container will often be set by local government plans or ordinances.

Special pick-up: A pick-up requested by the customer at a time other than the regularly scheduled pick-up time, that requires the special dispatch of a truck. If a special dispatch is required, the company will assess time rates established in the company's tariff.

Item 30 – Limitations of Service**Refusal of service.** A solid waste collection company may refuse to:

- Pick up materials from points where it is hazardous, unsafe, or dangerous to persons, property, or equipment to operate vehicles due to the conditions of streets, alleys, or roads.
- Drive into private property when, in the company's judgment, driveways or roads are improperly constructed or maintained, do not have adequate turn-arounds, or have other unsafe conditions.
- Enter private property to pick up material while an animal considered or feared to be vicious is loose. The customer will be required to confine the animal on pickup days.

Schedules. A company's schedule will meet reasonable requirements and will comply with local service level ordinances.**Missed pickups due to weather or road conditions.** Pickup of materials may be missed due to weather or road conditions. If the accumulated material (solid waste and/or recyclables, and/or yardwaste) is collected on the next scheduled or available pickup date, the company is not obligated to extend credit for the missed pickup. The customer will not be charged for overfilled receptacles, or for materials set out in bags on top of or next to the customer's normal receptacles if the amount of extra material does not exceed the amount that would have reasonably been expected to accumulate due to missed pickups.**Due care.** Other than to offer reasonable care, the company assumes no responsibility for articles left on or near solid waste receptacles.**Liability for damage.** When a customer requests that a company provide service and damage occurs to the customer's driveway due to reasons not in the control of the company, the company will assume no responsibility for the damage.

Item 40 – Material Requiring Special Equipment, Precautions, or Disposal

Transportation of solid waste requiring special equipment or precautions in handling or disposal will be subject to time rates named in Item 160, or to other specific rates contained in this tariff.

Companies must make every effort to be aware of the commodities that require special handling at the disposal sites named in the company's tariffs. The company shall maintain a list of those commodities and make it available for public inspection at the company's office.

Item 45 – Material Requiring Special Testing and/or Analysis

When a solid waste collection company or disposal facility determines that testing and/or analysis of solid waste is required to determine whether dangerous or prohibited substances are present, the actual cost for such testing and/or analysis will be paid by the customer. The company must provide the customer with a copy of any bill or invoice for costs incurred for testing and/or analysis and also must retain a copy in the company's file for at least three years. Those costs shall be passed through to the customer without markup. The company must maintain records of time spent to accomplish the special testing and/or analysis, and may bill the customer for that time under the provisions of Item 160 (Time Rates).

Item 50 – Returned Check Charges

Returned check charge. If a customer pays with a check, and the customer's bank refuses to honor that check, the customer will be assessed a returned check charge in the amount of \$ 10.00.

A Item 160 – Time Rates

When time rates apply. Time rates named in this Item apply:

- When material must be taken to a special site for disposal;
- When a company's equipment must wait at, or return to, a customer's site to provide scheduled service due to no disability, fault, or negligence on the part of the company. Actual waiting time or time taken in returning to the site will be charged for; or
- When a customer orders a single, special, or emergency pickup, or when other items in this tariff refer to this Item.

How rates are recorded and charged. Time must be recorded and charged for to the nearest increment of 15 minutes. Time rates apply for the period from the time the company's vehicle leaves the company's terminal until it returns to the terminal, excluding interruptions. An interruption is a situation causing stoppage of service that is in the control of the company and not in the control of the customer. Examples include: coffee breaks, lunch breaks, breakdown of equipment, and similar occurrences.

Disposal fees in addition to time rates.. Item 230 disposal fees for the specific disposal site or facility used will apply in addition to time rates.

Item 200 -- Containers and/or Drop Boxes -- General Rules

Availability. A company must maintain a supply of all sizes of containers and drop boxes for which rates are listed in this tariff. If a customer requests a container or drop box of a size listed in the company's tariff, and the company is unable to provide the requested size within 7 days of the customer request, the customer must be notified in writing or by telephone.

Alternate-sized containers and/or drop boxes. If the company cannot provide the requested-sized container or drop box (and that size is listed in the company's tariff), the company must provide alternate-sized containers or drop boxes, sufficient to meet the capacity originally requested by the customer, at the same rates as would have applied for the requested container or drop box.

Disposal fees due on alternate-sized drop boxes. If the company provides alternate-sized drop boxes, the customer is responsible for all lawfully applicable disposal fees resulting from the use of the alternate drop boxes.

Rates on partially-filled containers and/or drop boxes. Full pickup and rental rates apply regardless of the amount of waste material in the container or drop box at pickup time.

Rates for compacted materials. Rates for compacted material apply only when the material has been compacted before its pickup by the company.

Rates for loose material. Loose material dumped into the company's packer truck is subject to the rates for non-compacted material even though the material may be compacted later in the packer truck.

Permanent and temporary service. The following rules apply:

- (a) If a customer requests a container or drop box for less than 90 days, the customer will be billed at temporary service rates.
- (b) If a temporary service customer notifies the company that it has decided to retain the container or drop box for more than 90 days, permanent service rates will be assessed from the 91st day until the end of the period the customer retains the container or drop box.
- (c) If a customer requests a container or drop box for more than 90 days, the customer will be billed under permanent rates. If that customer cancels service before the end of the 90-day period, the company may not rebill the customer at temporary service rates. The intent of the customer at the time service was requested applies.

Item 207 – Excess Weight – Rejection of Load. Charges to Transport

The company reserves the right to reject pickup of any container, stationary packer, or drop box which, upon reasonable inspection:

- Appears to be overloaded;
- Would cause applicable vehicle load limitations to be exceeded;
- Would cause the company to violate load limitations or safe vehicle operation; and/or
- Would negatively impact or otherwise damage road surface integrity.

For the purposes of this tariff, the following maximum weights apply:

Type/Size of Container, Drop Box, Toter, or Cart	Maximum Weight Allowance (in pounds)

Type/Size of Container, Drop Box, Toter, or Cart	Maximum Weight Allowance (in pounds)

Overfilled or overweight, charges if transported.

If the container, drop box, toter, or cart exceeds the limits stated above, is filled beyond the marked fill line, or the top is unable to be closed, but the company transports the materials, the following additional charges will apply:
