We would like to surrender our Household Goods Authority HG-2473 and continue with our Common Carrier permit CC-2473 that would allow Pacific Delivery Service, Inc., to haul general commodities within the state of Washington.

We don't currently, nor do we plan on hauling household goods from residence to residence. Our business is to haul general commodities only.

We, (Stacie Sadenwasser, Earl J. Crowell and John Crowell) bought Pacific Delivery from our father, Earl L. Crowell when he retired on December 28<sup>th</sup> 1998.
