State below the conditions that justify the granting of this application. If you are applying for temporary certificate authority, be sure your statement addresses and supports the question of "immediate and urgent need."
Sure-Way Systems, Inc. has found that the medical waste generator in the Eastern half of the state would like an alternative to meet their current medical waste needs. Throughout discussions we have found that there is a need of generators to remove more than just medical waste. They would like a one stop shop that could perform the services of confidential document destruction and Amalgam separation. Currently, they must ship this waste out of state via the postal service. We can provide these services and can do it at a discount to what they are currently paying. We also offer a re-usable sharps container program that allows the generator to discontinue purchasing sharps containers. This alone saves individual hospitals thousands of dollars every year.

Do you currently hold, or have you ever held, a solid waste certificate?
 No Yes If yes, please indicate your certificate number: G- _____
Have you ever applied for and been denied a certificate to transport solid waste?
 No Yes If yes, please explain: _____

Please tell us about your experience and knowledge of transportation or solid waste, including motor carrier driver and equipment safety requirements.
Sure-Way Systems has been in the business of transportation and disposal of Biomedical waste and confidential documents since 1990. Sure-Way, currently operates in over 10 states across the country including, Idaho, Utah, Alabama, Florida, North and South Dakota, Minnesota, Wyoming and Montana. Each Driver is required to have at least 5 years of driving experience, meet DOT licensing requirements and complete the companies' drivers training and review process. Drivers are thoroughly trained in the proper practices and techniques to safely handle, load, secure, document, and transport medical waste. Each Driver and Truck are trained and equipped with safety and cleanup spill kits. Sure-Way has worked hard for and enjoyed a clean transportation record and intends to continue providing safe reliable service throughout the states it serves.

Have you been cited for violation of state laws or Commission rules?
 No Yes If yes, please explain: Sure-Way Systems understands that their once was a company with similar name that operated in Washington. Our company has had no relations with that company or any of its principals Sure-Way was started in Montana and has grown from there.

Item 20 – Definitions

Company Specific Definitions:

Sure-Way Systems (SWS) Sharps Disposal Program is the program SWS offers to its customers to provide them with FDA and DOT accepted sharps containers for disposal of the sharps portion of their medical waste. This service reduces the facilities waste volume to the landfill and their costs to buy and pay for the disposal of disposable sharps containers.

Gross Pathological Waste refers to pathological waste that is easily recognizable as a human body part like arms, feet, legs, or hands. Small pieces of tissue from labs do not fit this definition and do not need special packaging.

Sharps waste refers to all potentially infectious materials that could cause a puncture if broken or in their natural state like syringes, glass products, and certain hard plastic products that could break and cause a puncture or abrasion to the skin while handling the product as defined by OSHA and NIOSH.

Maximum Weights

The maximum weight allowed per container is:

<u>Container Size</u>	<u>Maximum Weight</u>
Small Box (10 gal)	20 Pounds
Small/Medium Box (20 gal)	30 Pounds
Medium/Large Tub (32 gal)	55 Pounds
Large Tub (48 gal)	65 Pounds

Replacement Costs

Customers will be charged for containers lost on their behalf, charges will be as follows:

<u>Container Size</u>	<u>Replacement Cost</u>
Small Box (10 gal)	\$5.00
Small/Medium Box (20 gal)	\$5.00
Medium/Large Tub (32 gal)	\$35.00
Large Tub (48 gal)	\$40.00

Item 30 – Limitations of Service (continued on next page)

General Limitations of Service

1. Sure-Way Systems will not knowingly accept shipments including containers which are not properly packaged or identified as REQUIRED by the Department of Transportation.
2. Sure-Way Systems may refuse to accept shipments not immediately available for pickup at designated pickup areas adjacent to a loading dock or otherwise immediately accessible to Sure-Way Systems vehicles.
3. All manifesting paperwork must be properly completed by the generator, verified, appropriately signed, and available at the time of pickup.
4. Sure-Way Systems may refuse to pickup materials from points where the designated pickup area is obstructed at the time of pickup.
5. Rates include normal wear and tear on reusable containers. Reusable containers provided to the generator for the storage of biomedical waste shall remain the property of Sure-Way Systems unless otherwise purchased by the generator. Charges for the replacement of containers lost by the generator are shown in Item 20.
6. Sure Way Systems reserves the right to modify its container sizes in the future provided that the rate per gallon equivalent remains the same and unless and until rate changes per gallon are approved by the Washington Utilities and Transportation Commission.
7. Sure-Way Systems will not knowingly accept containers for shipment unless they have sealed bag liners other than sharps containers.
8. The generator shall not tender and Sure-Way Systems shall not knowingly accept for shipment any container which:
 - a. is not sealed and properly labeled;
 - b. is punctured or materially damaged;
 - c. is overfilled or overweight;
 - d. contains anything other than biomedical waste; or
 - e. contains radioactive materials as defined by the U.S. Nuclear Regulatory Commission.

In the event that Sure-Way Systems accepts a container described in this paragraph 8, Item 70 shall apply.

- 9. Sure-Way Systems shall not knowingly accept for transportation any shipment which does not meet packing, labeling and handling requirements imposed or required by law.

Refusal of service. A solid waste collection company may refuse to:

- Pick up materials from points where it is hazardous, unsafe, or dangerous to persons, property, or equipment to operate vehicles due to the conditions of streets, alleys, or roads.
- Drive into private property when, in the company's judgment, driveways or roads are improperly constructed or maintained, do not have adequate turn-arounds, or have other unsafe conditions.
- Enter private property to pick up material while an animal considered or feared to be vicious is loose. The customer will be required to confine the animal on pickup days.

Schedules. A company's schedule will meet reasonable requirements and will comply with local service level ordinances.

Missed pickups due to weather or road conditions. Pickup of materials may be missed due to weather or road conditions. If the accumulated material is collected on the next scheduled or available pickup date, the company is not obligated to extend credit for the missed pickup. The customer will not be charged for overfilled receptacles if the amount of extra material does not exceed the amount that would have reasonably been expected to accumulate due to missed pickups.

Due care. Other than to offer reasonable care, the company assumes no responsibility for articles left on or near waste receptacles.

Liability for damage. When a customer requests that a company provide service and damage occurs to the customer's driveway due to reasons not in the control of the company, the company will assume no responsibility for the damage.

Item 40 – Material Requiring Special Equipment, Precautions, or Disposal

Transportation of solid waste requiring special equipment or precautions in handling or disposal will be subject to time rates named in Item 160, or to other specific rates contained in this tariff.

Companies must make every effort to be aware of the commodities that require special handling at the disposal sites named in the company's tariffs. The company shall maintain a list of those commodities and make it available for public inspection at the company's office.

Item 45 – Material Requiring Special Testing and/or Analysis

When a solid waste collection company or disposal facility determines that testing and/or analysis of solid waste is required to determine whether dangerous or prohibited substances are present, the actual cost for such testing and/or analysis will be paid by the customer. The company must provide the customer with a copy of any bill or invoice for costs incurred for testing and/or analysis and also must retain a copy in the company's file for at least three years. Those costs shall be passed through to the customer without markup.

Item 50 – Returned Check Charges

Returned check charge. If a customer pays with a check, and the customer's bank refuses to honor that check, the customer will be assessed a returned check charge in the amount of \$30.

RECEIVED

WASH. UT. & TP. COMM

Dear Commissioners;

In the following pages you will find our application for a Class G Waste Haulers permit.

Sure-Way Systems, Inc. was founded in Deer Lodge, MT in 1990. For the past 14 years we have been collecting, transporting, and processing waste from Florida to Hawaii and would like the opportunity to do business in Washington. Over the years we have accumulated an outstanding record with all agencies that regulate the many facets of our business.

It has come to our attention through discussions with waste generators in the area that there had been a company operating in Washington with the same or similar name. It is also our understanding that they did not run their business as directed. We were not or have ever been, associated with this company.

In recent discussions with waste generators in eastern Washington we have found that our services would exceed current services offered by Stericycle, the major hauler for most generators. It is our experience that customers need other services besides the hauling of medical waste. That is why we have grown to offer confidential document destruction and Amalgam separation services to these customers. These services allow customers to save money on stop charges that would otherwise be levied numerous times by a plethora of companies. Our goal is to consolidate these services and provide customers a significant savings on their current disposal costs.

We are making this move into Washington to get back the waste that we were processing for Stericycle up until the fall of 2003. The capacity generated by eastern Washington customers is capacity that we have processed in the past and are confident that we can handle in the future.

Your staff has been incredibly helpful and has assisted us with answers to many of our questions. We look forward to working with you through this permitting process.

Sincerely,

Gary Chilcott
President/CEO
