Carol Washburn Commission Secretary Washington Utilities and Transportation Commission 1300 S. Evergreen Park Drive SW Olympia, WA 98504-7250

Dear Ms. Washburn,

On behalf of the Washington State Department of Transportation, please accept this letter of support in regard to Genie Services' people transportation certificate of authority between Walla Walla and Pasco with intermediate stops as proposed.

Following Greyhound Bus Lines' recent service restructuring, the City of Walla Walla became the largest community in Washington without regular route intercity bus transportation. By granting this certificate, entry to Washington's greater public transportation network will be restored and residents will be able to access essential goods, human services, and other needs not available locally.

Genie Services has, with the assistance of a third-party consultant, demonstrated a proper business plan, developed a schedule interlined with local and regional connections, and consulted with a comprehensive list of stakeholders in local and surrounding areas.

Conditional upon Genie Services successful application with the UTC, Washington State Department of Transportation (WSDOT) has selected this project for an operating assistance grant not to exceed \$150,000 during the first 12 months of service.

Thank you for your consideration in regard to this matter.

Respectfully,

Daniel Wayne

Intercity & Rural Specialist
