RE: The Water Company of Washington,
LLC – Remove Regulation and Cancel Tariff

Dear Secretary:

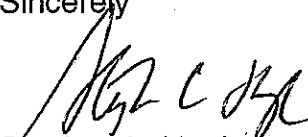

Enclosed you will find the petition of the above-referenced request to be removed from regulation and request to cancel current tariff.

1. Application for removal from regulation and cancel tariff,
2. Copy of Instrument of Transfer,
3. Customer notice of sale and transfer of water system,
4. Name and address of new owner, which is a water utility formed under Washington law and made owner of our water system by sale.

Since these water systems were the only water systems owned by The Water Company of Washington, LLC and they do not intend to own any other water systems in the future, H&R Waterworks, Inc. is asking on behalf of The Water Company of Washington, LLC to have The Water Company of Washington, LLC removed from Commission regulation and to have its currently effective tariff cancelled.

If you have any question, please call me at 360-357-3277.

Sincerely

Stephen L. Harrington

BACKGROUND

INTRODUCTION

2 The Water Company of Washington, LLC is a Washington corporation formed to act as a utility service company. The Water Company of Washington, LLC, located in Tumwater, serves about 300 customers in Thurston and Pierce Counties. The water system previously transferred consist of wells, pumps, transmission mains, reservoirs, hydrants, distribution mains, meters, and appurtenances to serve the customers of The Water Company of Washington, LLC

3 The water system is currently operating under a green operating permit issued by the Washington State Department of Health and has no outstanding orders or letters directing action.

4 As a result of this transfer of water system assets approved in docket number UW-042124, H&R Waterworks, Inc. did maintain The Water Company of Washington, LLC water rates in effect until new water rates were set in docket number UW-051062.

EXHIBITS

5 Pursuant to WAC 480-143-120 and WAC 480-143-130, please find attached the following exhibits:

6 Exhibit 1 – Instrument of Transfer.

7 Exhibit 2 –The Water Company of Washington, LLC Income Statement, Balance Sheet, Asset Listing, Depreciation Schedule and Summary of outstanding securities.

8 Exhibit 3 – H&R Waterworks, Inc. Income Statement, Balance Sheet, Asset Listing, Depreciation Schedule, and Summary of outstanding securities.

9 Exhibit 4 – Adoption of Tariff Notice. Please refer to docket filing number UW-051062.

Exhibit 5 Not Applicable

METHOD OF FINANCE

10 This transfer was part of a consolidation and therefore no sale of assets occurred.

DEREGULATION IS IN THE PUBLIC INTEREST

11 The benefits of this transfer of assets through this deregulation include expanded financial resources, additional staffing and service equipment and water quality staff to provide all aspects of water system repair and operations. The former owner of The Water Company of Washington, LLC no longer desires to own and operate this public water system independent of other similar companies who seek deregulation, also now owned by the same individual. Customers were notified of the sale and transfer.

12 As a result of the prior sale and transfer of assets, the subsequent filing and Commission approval of rates to establish parity of water rates, H&R Waterworks, Inc. has demonstrated that deregulation is in the public interest.
