RE: Quail Run Water Company, Inc. – Remove Regulation and Cancel Tariff

Dear Secretary:

Enclosed you will find the petition of the above-referenced request to be removed from regulation and request to cancel current tariff.

- 2. Copy of Instrument of Transfer,
- 3. Customer notice of sale and transfer of water system,

METHOD OF FINANCE

This transfer was part of a consolidation and therefore no sale of assets occurred.

DEREGULATION IS IN THE PUBLIC INTEREST

- The benefits of this transfer of assets through this deregulation include expanded financial resources, additional staffing and service equipment and water quality staff to provide all aspects of water system repair and operations. The former owner of Quail Run Water Company, Inc. no longer desires to own and operate this public water system independent of other similar companies who seek deregulation, also now owned by the same individual. Customers were notified of the sale and transfer.
- As a result of the prior sale and transfer of assets, the subsequent filing and Commission approval of rates to establish parity of water rates, H&R Waterworks, Inc. has demonstrated that deregulation is in the public interest.

PRAYER

Based on the foregoing, the Applicants request approval of their application respectfully submitted this 17th day of January 2006.

QUAIL RUN WATER COMPANY, INC. 3242 Capitol Blvd S, Suite B Tumwater, WA 98501 (360) 357-3277

November 29, 2004

IMPORTANT NOTICE

The H&R Waterworks, Inc. requested permission from the Washington Utilities and Transportation Commission (WUTC) for the transfer of ownership and operation of the Quail Run Water Company Inc.

This transfer of ownership is being completed to allow H&R Waterworks, Inc. to consolidate what had been seven separate regulated companies and one unregulated company into one, more manageable company. H&R Waterworks, Inc. was formed three years ago to allow us to own and operate several water companies and systems. This sale and transfer should be transparent to you our valued customer. We will continue to use the same phone number, office staff, field staff, and extension array of water specialty equipment to serve you and other customers. The proposed effective date of this transfer, if approved, would be January 1, 2005.

The Quail Run Water Company Inc will no longer own or operate a regulated water system and has asked permission to be deregulated.

Your <u>current water rates</u>, <u>charges</u>, <u>and services will not change</u> because of this water system sale and transfer. Any future changes will be the responsibility of H&R Waterworks, Inc.

If you have any questions about how this merger/sale may affect you, please call:

H&R Waterworks, Inc. PO Box 1 East Olympia, WA 98540 360-357-3277 or toll free 1- (888) 357-3276
