Re: Request for Extension

To Whom It May Concern:

Resource Recovery Corp. (G000176C), a wholly-owned subsidiary of Philip Services Corporation, is hereby requesting a one-week extension to the May 1, 2006 deadline for submittal of our 2005 Solid Waste Annual Report. Our corporate offices were recently flooded due to a burst sprinkler pipe, which caused significant disruption. Your flexibility in granting this extra time would be most appreciated.

Please contact me at 425-227-6120 in response to this request.

Thank you,

Keith Lund
PSC Regulatory Affairs Manager
