Area Code / Phone Number

(Note: Common Carrier authority issued by the Commission allows transportation of general commodities, with a few exceptions. One of the exceptions is transportation of household goods. You or your company, in addition to general commodity authority, have authority to transport household goods. Deleting the household goods portion of authority will not affect your remaining common carrier authority. If you choose to delete the household goods portion of your Common Carrier authority, the Commission will reissue an updated original permit not including household goods.)
