Item 10 – Application of Rates – General

Rates named in this tariff cover the collection, transportation, and disposal of solid waste. When specifically referred to, rates also cover the collection and transportation of recyclable materials and/or yardwaste.

Title 81.77 of the Revised Code of Washington (RCW) and Chapter 480-70 of the Washington Administrative Code (WAC) govern operations of solid waste collection companies and the tariffs companies must file with the Washington Utilities and Transportation Commission (WUTC).

The company may charge additional amounts for disposal fees only when specifically stated in the tariff and separately shown on customer bills.

Item 15 – Holiday Pickup – Regularly Scheduled Service

When a pickup is missed due to the company's observance of a holiday, the company will provide service, at no additional cost to the customer, on an alternate day.

A list of the holidays the company observes is shown in Item 60.

For application of rates in this tariff, the company defines alternate day to mean the following:

The day following the holiday observed.

Item 16 – Change in Pickup Schedule

When a company changes the pick-up date for its certificate area, or a portion of its certificate area, the company must notify all customers in the affected area of that change.

Notice must be made at least seven days before implementation of the new pickup schedule and may be made via mail, personal contact, or by a notice being affixed to the customer's solid waste receptacle.

The customer will not be charged for overfilled receptacles, or for materials set out in bags on top of or next to the customer's normal receptacles if the amount of extra material does not exceed the amount that would have reasonably been expected to accumulate due to missed pickups.

Due care. Other than to offer reasonable care, the company assumes no responsibility for articles left on or near solid waste receptacles.

Liability for damage. When a customer requests that a company provide service and damage occurs to the customer's driveway due to reasons not in the control of the company, the company will assume no responsibility for the damage.

Item 200 -- Containers and/or Drop Boxes -- General Rules

Availability. A company must maintain a supply of all sizes of containers and drop boxes for which rates are listed in this tariff. If a customer requests a container or drop box of a size listed in the company's tariff, and the company is unable to provide the requested size within 7 days of the customer request, the customer must be notified in writing or by telephone.

Alternate-sized containers and/or drop boxes. If the company cannot provide the requested-sized container or drop box (and that size is listed in the company's tariff), the company must provide alternate-sized containers or drop boxes, sufficient to meet the capacity originally requested by the customer, at the same rates as would have applied for the requested container or drop box.

Disposal fees due on alternate-sized drop boxes. If the company provides alternate-sized drop boxes, the customer is responsible for all lawfully applicable disposal fees resulting from the use of the alternate drop boxes.

Rates on partially-filled containers and/or drop boxes. Full pickup and rental rates apply regardless of the amount of waste material in the container or drop box at pickup time.

Rates for compacted materials. Rates for compacted material apply only when the material has been compacted before its pickup by the company.

Rates for loose material. Loose material dumped into the company's packer truck is subject to the rates for non-compacted material even though the material may be compacted later in the packer truck.

Permanent and temporary service. The following rules apply:

- (a) If a customer requests a container or drop box for less than 90 days, the customer will be billed at temporary service rates.
- (b) If a temporary service customer notifies the company that it has decided to retain the container or drop box for more than 90 days, permanent service rates will be assessed from the 91st day until the end of the period the customer retains the container or drop box.
- (c) If a customer requests a container or drop box for more than 90 days, the customer will be billed under permanent rates. If that customer cancels service before the end of the 90-day period, the company may not rebill the customer at temporary service rates. The intent of the customer at the time service was requested applies.
