Ms. Carole J. Washburn, Secretary
Washington Utilities and Transportation Commission
P.O. Box 47250
1300 S. Evergreen Park Drive S.W.
Olympia, WA 98504-7250

RECEIVED
06 AUG 29 AM 8:07
OFFICE OF THE
SECRETARY OF
TRANSPORTATION

Dear Ms. Washburn;

Enclosed you will find three copies of our proposed new tariff. The filing and tariff changes are intended to accomplish the following:

1. To correctly recognize our existing corporate structure.
2. To conform our tariff to the new rules for investor-owned water company per Chapter 480-110 WAC.

Years ago, Rosario Utilities, Inc., changed to Rosario Utilities, LLC. Our existing tariff includes some previous filings with the name "Inc" and some filings with the name "LLC". The new tariff will be consistent with the company's corporate structure.

The filing also incorporates the new WAC provisions and current language and practices by utilizing the generic tariff with our existing rates and charges.

This filing will have no revenue impact to our customers or company. WUTC staff advised that customer notification was optional since the change from "Inc" to "LLC" is so very minor. If you have any questions or if a customer notification is required, please call me at 360-376-2700.

Sincerely yours,

ROSARIO UTILITIES, L.L.C.

Chris Vierthaler
General Manager
