

Dear Pullman Disposal Service Customer,

December 14, 2006

Pullman Disposal Service, Inc. has not increased trash collection rates since July 1st, 1997, nearly nine and a half years. In those nine years, the cost of nearly everything else has been rising. Recently, we were notified that our main expense (landfill fees) will be increasing dramatically February 1<sup>st</sup>. Due to this major increase and other significant increases in health insurance, liability insurance, fuel, labor, taxes and other operating costs, we have filed with the Washington Utilities and Transportation Commission (UTC) for permission to change our rates.

If approved, the new rates will become effective February 1, 2007, and will increase as follows:

Service	Current Rate per Month	Proposed Rate per Month
1 can weekly	\$13.12	\$16.50
2 can weekly	\$17.72	\$22.29
3 can weekly	\$25.12	\$31.60
4 can weekly	\$30.47	\$38.33
68 gallon weekly	\$17.72	\$22.29
95 gallon weekly	\$25.12	\$31.60

If you have any questions regarding this increase, please call our office at (509) 334-1914.

The UTC has the authority to set rates that may vary from the company's request, depending on the outcome of its investigation. If you would like to comment on this filing, be added to the UTC's mailing list, or have questions about the ratemaking process, please use the contact information below. You may also comment in person at the UTC's open meeting in Olympia at 9:30 a.m. on January 10, 2007, or by using the "Public Comment" feature at the UTC's web site, at <http://www.wutc.wa.gov>. The UTC is scheduled to make a decision at its open meeting on January 24. If you are unable to attend an open meeting in person, the UTC has a bridge line which enables you to participate or listen by telephone. Call 360-664-1234 for instructions the day before the open meeting.
