Ms. Carole J. Washburn, Executive Secretary
Washington Utilities and
Transportation Commission
Chandler Plaza Building
1300 S. Evergreen Park Drive SW
Olympia, Washington 98504

Subject: REQUEST FOR A TEN THOUSAND NUMBER CODE

Dear Ms. Washburn:

Verizon Northwest Inc. (Verizon) requests the Washington Utilities and Transportation Commission to direct the Pooling Administrator (PA) to provide Verizon with one ten thousand number code to satisfy the requirement for additional numbers from Microsoft Corporation, Redmond, WA in the Kirkland Rate Center, NPA 425, LATA 674, OCN 4324.

The customer requests one ten thousand number code to support the ongoing expansion of the company's Redmond Campus area. The customer anticipates opening five (5) new buildings in the next eight (8) months and three (3) new buildings in the next year, totaling more than 1.6 million square feet of new office space. The rapid growth the customer is experiencing is consuming their current number blocks at an alarming rate. They currently forecast they will be out of Direct Inward Dialing (DID) numbers within the next 120-160 days. The customer requests the new code be in the 425-NX8-xxxx to be consistent with their current numbering plan.

Ms. Carole J. Washburn
August 20, 2007
Page 2

This waiver request is made because Verizon's request for one ten thousand number code was denied by the PA because the serving central office does not meet the "months to exhaust" criteria. The PA requires the "months to exhaust" be less than or equal to six (6) months and the serving central office is currently at 185.8 months.

The Washington Commission has the authority to review the PA's criteria and request a waiver when appropriate, in this case a waiver request for the utilization criteria. Verizon requests the commission instruct the PA to release the numbering resources necessary to meet the needs of this Verizon customer.

Verizon requests approval of this waiver request with an effective date of September 19, 2007. The Commission's waiver request must be submitted with the company's application to the PA for the numbering resources needed for deployment of service to this customer.

Please find attached a copy of the company's Block Application Form (Part 1) to the PA, Appendix B Months to Exhaust Certification Worksheet, the denial from the Neustar Pooling Administration System (PAS), and a copy of the letter from the customer requesting the number code.

If there are questions concerning this request, please contact Lin Fogg at (425) 261-6380.

Very truly yours,

David S. Valdez
Senior Vice President - West
Public Affairs, Policy and Communications

Central Office Code Assignment Guidelines(COCAG)
Central Office Code(NXX) Assignment Request - Part 1 (ATIS-0300050.p1)
December 9,2005

¹Identify type and reason for change(s) in Section 1.4(e).

²A list of the current Code Administrator(s) who can provide assistance in completing this form is available upon request from NANPA.

³The NXX field is required for any code request in which there is a change or the NXX is being returned.

⁴Operating Company Number (OCN) assignments must uniquely identify the applicant. Relative to CO Code assignments, NECA-assigned Company Codes may be used as OCNs. Companies with no prior CO Code or Company Code assignments may contact NECA (973-884-8355) to be assigned a Company Code(s). Since multiple OCNs and/or Company Codes may be associated with a given company, companies with prior assignment should direct questions regarding appropriate OCN usage to the Telcordia™ Routing Administration (TRA) on 732-699-6700.

⁵This is an eleven-character descriptor of the switch provided by the owning entity for the purpose of routing calls. This is the eleven-character Telcordia™ COMMON LANGUAGE CLLI™ Location Identification of the applicant's switch or POI. (Telcordia and CLLI are trademarks and COMMON LANGUAGE is a registered trademarks of Telcordia Technologies, Inc.)

⁶Rate Center name must be a tariffed Rate Center associated with toll billing.

⁷Applies to any code applicant connecting to the Public Switched Telephone Network via a tandem owned by a different carrier.

⁸Telcordia and CLLI are trademarks and COMMON LANGUAGE is a registered trademarks of Telcordia Technologies, Inc.

⁹This is an eleven-character descriptor provided by the owning entity for the purpose of routing calls. This must be the CLLI™ Location Identification Code of the switching entity/POI, and is the same on Part 2, Form 1, Page 2 of 2.

¹⁰Code applicants should request an effective date that is at least 66 calendar days from the submission of this form. It should be noted that interconnection arrangements and facilities need to be in place prior to activation of a code. Such arrangements are outside the scope of these guidelines.

¹¹Requests for code assignment should not be made more than six months prior to the requested effective date.

¹²Select if you are the current Code Holder.

¹³Select if you are not the current Code Holder.

¹⁴The Applicant will indicate "Yes" if the NXX being requested will be used for thousands-block number pooling and will leave this field blank if it is not.

¹⁵Applicant is not required to submit Part 2 of the code request form if it is doing its own Telcordia™ Business Integrate Routing and Rating Database System (BIRRDs) entries, or if the applicant has arranged for a third party to input the Part 2 forms data on its behalf.

¹⁶WARNING! It is the code applicant's responsibility to arrange input of Part 2 information into BIRRDs. The 45 calendar day nationwide minimum interval cut-over for BIRRDs will not begin until input into BIRRDs has been completed.

¹⁷An incomplete form may result in delays in processing this request.

RE: New DID block for Microsoft Corporation in Redmond, WA

Dear Greg:

Microsoft Corporation is continuing to grow our Redmond Campus area; we anticipate opening 5 new buildings in the next 8 months and 3 new buildings in the next year, totaling more than 1.6 million square feet of new office space in the Puget Sound area alone. The rapid growth we are experiencing is consuming our current number blocks at an alarming rate. We are currently forecasting to be out of DID numbers in 120-160 Days.

Therefore Microsoft Corporation is formally requesting a new Ten (10) thousand number DID block, preferably 425-NX8-XXXX.

Sincerely,

Jack Barnes
