Hello Bruce,

These are the dates we talked about for the upcoming Standard Inspection of NWN's Columbia Gorge district.

Two weeks have been blocked out for this inspection. Please have Subject Matter Experts available during this time.

NWN District	UTC Docket	Inspection Weeks	Documents Due By*
Columbia Gorge	080034	9/29/08 & 10/6/08	7/7/08

I request the following documents for this district's standard inspection. (See Due By*)

1. List of all Regulator Stations that are maintained by the district.
2. List of all Farm Taps converted to Regulator Stations that are maintained by the district.
3. List of all Gate Stations that are maintained by the district.

I need the documents listed above for the Columbia Gorge (#080034) district the week after the July 4th Holiday to keep things on schedule.

I look forward to working with you during these inspections.

If you have any problems or concerns please let me know.

Thanks
