(b) Justification for changes: System batteries have outlived life expectancy. Power off light indicates if commercial power is interrupted.

(c) Affects of proposed changes on warning devices and warning times for drivers: No change.

5. Drawings. Sketches drawn to scale are attached accurately showing the current and proposed layout of the highway (including shoulders, sidewalks, lanes of travel, bike lanes and crossing warning devices), of the crossing surface and of the railway in the vicinity of the crossing. N/A

6. Project Cost:

Estimated total cost \$4,873.85

7. Project completion date: 5/1/08

I certify under penalty of perjury that the foregoing is true and correct.
