Conditions That Justify Granting of This Application

Two years ago, Greyhound Lines canceled service between Walla Walla and Pasco WA, among other intercity routes throughout their network. Genie Service Company has WUTC authority to provide service over this route but has not provided this service for 2 years?

With the financial support of the Federal Transit Administration, the Washington Department of Transportation and matching funds from Greyhound Lines, this proposed service will reconnect the communities of Walla Walla County with larger transportation options in Pasco.

According to local Valley Transit and Ben Franklin Transit, WA ST Department of Transportation, the Agency Council on Coordinated Transportation, Greyhound, US Veterans Affairs, WA ST Penitentiary and many regional social service agencies there are numerous people who would benefit from the return of scheduled service between points in and on the Walla Walla/Pasco corridor.

THE TRANSPORTATION NEED Briefly describe the transportation service that you need and that the application could provide to you or your business/organization if this request for operating authority is granted. Walla Walla International Airport is very limited with its number of flights.

Because of this, there is a good number of people having to use The Pasco Airport instead. Also many of our clients do not drive and need assistance getting places. With GrapeLine our clients are safer, more timely and saving money that they would otherwise spend on parking.

Are your transportation needs being met now? Yes No If not, explain problems you have experienced.

If the request is denied, would it have any affect on you or your business/organization:

Yes No If yes, please explain. Our clients would have to look elsewhere, spending more money to fly out, and possibly not traveling.

THE TRANSPORTATION NEED Briefly describe the transportation service that you need and that the application could provide to you or your business/organization if this request for operating authority is granted. —Whitman College students need to have transportation that is scheduled between Walla Walla and the Pasco Airport on a regular basis. When Greyhound bus service was discontinued several years ago we were left without any scheduled transportation at all.

Are your transportation needs being met now? Yes No If not, explain problems you have experienced. — Since the opening of Grapeline's service in November, our students' transportation needs to the Pasco Airport are being met.
