RE: Mosquito Fleet, LLC  
Certificate No. BC-125

Dear Ms. Washburn:

Mosquito Fleet, LLC, holds Certificate No. BC-125 which allows for passenger and freight ferry service from Everett, WA to Friday Harbor, Washington. Please refer to our letter dated 19 May 2008 wherein we requested that the Commission grant Mosquito Fleet, LLC permission to temporarily discontinue providing its commercial ferry service from Everett to Friday Harbor under Certificate No. BC-125.

After reviewing the probability of a restoration of service in one year we determined that there are too many outstanding factors beyond our control to ensure service by the Spring/Summer of 2009. Accordingly we have elected to relinquish Certificate No. BC-125. Please let me know if you have any questions regarding our decision and the reasons for same. Thank you for your assistance.

Yours truly,

Darrell E. Bryan
