Re: LSN Fuel Surcharge Supplement on Behalf of Arrow Launch Service, Inc. BC-97

Dear Ms. Washburn:

On behalf of Arrow Launch Service, Inc. for whom I am authorized to file Tariff matters, please find the enclosed tariff fuel surcharge supplement form worksheet and other materials supporting the company's request to implement a fuel surcharge for all of its customers on July 1, 2008. Also enclosed pursuant to the Commission's requirements, are the requisite Tariff supplement page, notice to customers, previous rate filing pro forma statement and other materials. The pro forma income statement submitted in Fall, 2005 had a provision for fuel cost adjustments which were disallowed by Staff outside the test period and should be reflected in the Staff's workpapers under Docket TS-051845. The base fuel price for the previous filing was apparently \$2.211 as shown in the surcharge worksheet. Please contact me with further questions.

Very truly yours,
