December 11, 2008

Mr. David Danner, Executive Director and Secretary
Washington Utilities and Transportation Commission
PO Box 47250
Olympia, WA 98504

Dear Mr. Danner:

Enclosed are proposed revisions to tariff 9.3 of Harold LeMay Enterprises (G-98) d/b/a City Sanitary, Joe's Refuse and White Pass Garbage. The purpose of this filing is to increase rates in Thurston County due to the scheduled disposal increase from \$76 to \$80 per ton at the county transfer station. This filing also adjusts the annual recycle commodity credit in accordance with the deferred accounting methodology.

If approved, this filing will reduce area revenue by about \$162,000 or about 2.4%.

We request LSN handling with rates to become effective January 1, 2009. The LSN is necessary because existing pages are scheduled to expire on that date and the disposal costs are scheduled to increase on that date. Customers will be notified of this increase on their next regular billing.

If I can be of any further assistance, please contact me at 253-536-4416 or 253-536-4426 (fax) or johnlloyd@lemayinc.com.

Respectfully,

A handwritten signature in black ink, appearing to read "John Lloyd".

John Lloyd
