To Whom It May Concern,

This letter is written as a request for extension for filing our 2008 Annual Safety Report and Regulatory Fees. We are out of town the last week of December, 2008 and will not be available to complete the form, including our 2008 operating miles.

If a one month extension could be granted to Chinook Charter, we would be most grateful.

Thank you for your consideration in this matter.

Sincerely,

Linda Pirnke
