Advice No. 3286

Washington Utilities and Transportation Commission
1300 S. Evergreen Park Drive, S. W.
Olympia, Washington 98504-7250

To whom it may concern:

Verizon Northwest Inc. submits for filing Advice No. 3286, a tariff filing in the Unbundled Network Elements Tariff, WN U-21, Section 5, Rates. This tariff sets forth Commission established rates for unbundled network elements ("UNEs") available to competitive local providers ("CLPs"). CLPs order UNEs pursuant to interconnection agreements, which also set forth the applicable terms and conditions.

The attached tariff changes are administrative in nature, and are made to update the tariff so that it is consistent with Orders 17, 18, 19 and 20 of Docket UT-043013 ["TRRO Docket," which concerned the FCC's Triennial Review Order ("TRO") and Triennial Review Remand Order ("TRRO")]. The Commission's orders in this docket established the extent of Verizon's obligations to provide UNEs under the TRO and TRRO, and approved the terms and condition to govern such obligations in Verizon's interconnection agreements with CLPs. The attached tariff changes delete rates and verbiage made obsolete by the Commission's orders. They do not affect or change in any way the rights of CLPs to obtain UNEs; those rights are set forth in the governing interconnection agreement between Verizon and the particular CLP, as amended pursuant to the Commission's orders (see WN U-21, Section 1, Original Sheet 1).

The requested effective date for this tariff filing is February 3, 2009.

If there are questions, please contact Richard Potter at (425) 261.5006.

Very truly yours,

Senior Vice President - West
Public Affairs, Policy and Communications
