WASH. UT. & TP. COMM

To UTC

My name is Gilbert Emory & my wife is Lois Emory we live at [REDACTED]

We didn't get ANY notice of proposed Road Chosen on Logan Road, BUT did read About Titian Paper.

Our Concern's are as follows

Logan Road would become a dead end Road, Even now Garbage is dumped and is left for days to be picked up, Cars have been left for days. AT one time we had heard Drug sales & use was taking place.

BUT AFTER Road was improved and P&R put in signs there was more traffic => Then we noticed Improvement in the above

There have been times we have had to go out over track to get to town as trees blew over Road.

I guess you would say our Concern's are Safety, How will the road be Policed if closed

We are much in favor of Train Station  
For The Community

Downtown Stanwood does need  
A Shoot in The Arm  
Keep people working is what will  
help The Community grow.

Concern's = Late Night Parking  
Garbage Dumping  
A bandon Car's  
SAFETY

Who will police The Dead End Road  
IF IT Happens

Gilbert & Lois Emory

~~XXXXXXXXXX~~  
Stanwood

P.S. We would like To see Road  
Kept open
