Re: Advice No. WA 09-01A for United Telephone Company of the Northwest

Dear Members of the Commission:

Enclosed are revised pages for the United Telephone Company of the Northwest Access Service Tariff WN U-9. These revisions are submitted with a February 6, 2009 issue date and a proposed effective date of March 13, 2009. These tariff revisions are available on Embarq's Web site at <http://www2.embarq.com/tariffs>.

The tariff pages enclosed for review are as follows:

Section 3 2nd Revised Page 3-16

The purpose of this filing is to revise the Line Extension Rate Additive, which is billed as an adder to the terminating Carrier Common Line minute of use rate. WAC 480-120-071 allows Embarq to recover costs associated with special construction to provide POTS lines to remote areas from interexchange carriers.

United Telephone Company of the Northwest completed 13 residential line extensions in 2008 at a cost of \$352,854.

I Gary L. Kepley, in Compliance with WAC 480-80-103, certify that I have authority to issue tariff revisions on behalf of United Telephone Company of the Northwest.

Commission consideration and timely approval of these pages are respectfully requested. Upon approval, please return one stamped approved copy of this filing for our records. If you have questions or need additional information regarding this filing, please call Barb Young at (541) 387-9850.

Sincerely,

A handwritten signature in cursive script that reads "Gary L. Kepley".

Gary L. Kepley
